Garrison,2026-01-22 American political history has a rhythm and a progression Part of that progression is White populist anger and resentment The Forgotten Man and White Populist Resentment Power Politics and Narrative Dominance in the Trump Era traces how this White populism rose to dominate the Republican Party primary base how the populist campaigns of Pat Buchanan and Newt Gingrich paved the way for the rise of Donald Trump and how he maintains narrative dominance over both parties and American political discourse Elites in Britain were the focus of resentment in the Revolutionary Era as they presumed to tell the colonists that they were subject to taxes and domination of Great Britain By the 1850s populist resentment was transferred to the national government because it told the freedom loving individual liberty defending slave owning South that slavery was evil and would not be allowed to spread into the west Both before and after suffering defeat the poor White Southern male was told that he was equal with the elites of the Southern slave aristocracy because both are White and superior to all Blacks This resentment found a new iteration when the national government using the power of the courts and the army ended a century of Jim Crow forcing the White voters in Congressman Jim Jordan s flyover country to live with Blacks as equals under the law In 1969 Newsweek famously depicted the Forgotten American in this new social engineered America and the resentment of the imposed change in the cultural society the White voter was required to live in by the late 1960s These voters resented that the America they now lived in was not the one they grew up in The loss of their America was attributed to the federal government being controlled by social elites in Washington D C as well as Wall Street elites who in the 1990s asserted free trade and moved the factory jobs of the forgotten man overseas Presenting a clear and accessible narrative around the development of white populism and its resentment that shapes the narratives and rhetoric of the Trump era this book is crucial for understanding the domestic and foreign policy initiatives of America First and Make America Great Again      **Production and Consumption of Non-Muslim Islams** Jesper Petersen,Anders Ackfeldt,2025-06-30 This book empirically substantiates a re conceptualization of Islam as produced and consumed by both Muslims and non Muslims Non Muslim Islam is too often condemned and decried by scholars rather than investigated However non Muslim politicians journalists and public debaters preaching and missionizing their own interpretations of

Islam to both Muslim and non Muslim audiences and venturing into theological debates with Muslims as non Muslim Islamic authorities cannot be reduced to cynical power politics bigotry political opportunism prejudice or apologetics even if this may sometimes be the case Neither do these labels increase our understanding of non Muslim Islam as a phenomenon This book argues the case for studying non Muslim Islam and demonstrates the value of doing so through 11 case studies opening up a new field of research while also giving an insight into the many epistemologies at play in the production of different non Muslim Islams

**Return to the Shadows** Alison Pargeter, 2016-09-22 The Arab Spring heralded a profound shift in the Middle East bringing to power Islamist movements which had previously been operating in the shadows The Muslim Brotherhood stormed to victory in Egypt and emerged as a key player in Libya's nascent political arena Meanwhile An Nahda found itself catapulted into power as the head of Tunisia's coalition government For a while it looked as though the region was entering the dawn of a new Islamist age But navigating their respective countries through difficult and painful transitions ultimately proved too challenging for these forces and just as suddenly the Brotherhood was dramatically overthrown in Egypt and left severely weakened in Libya In Tunisia An Nahda managed to pull itself through the crisis but its failure to articulate and deliver the hopes and aspirations of a large section of Tunisian society damaged its credibility In this authoritative account Alison Pargeter expertly charts the Islamists' ascent and subsequent fall from power Based on extensive research and interviews with high ranking members of the Brotherhood and An Nahda Pargeter offers a comparative analysis of the movement in North Africa since the Arab Spring and outlines the consequences of the Brotherhood's decline on both the region and the wider Islamist political project
