Dear Ms. Smith,

As an Operations Manager with 10+ years of experience fostering robust relationships with key stakeholders and colleagues, I was thrilled to see your job posting on [Indeed.com](https://www.indeed.com) for an Operations Manager at Amazon. With my experience supervising and motivating staff, delivering measurable results, and achieving organizational goals, I believe I'd be a great asset to the Amazon team.

While working as an Operations Manager at Costco, I managed a team of 20 managers and 200+ co-workers by delegating duties, streamlining operations, and setting attainable KPIs. In addition, I effectively oversaw the recruitment and training of 400+ new hires and handled their appraisals.

In my last position, I incorporated a custom-designed order fulfillment program that generated \$3M in additional revenue. Furthermore, I cut merchandise loss by 25% by introducing innovative theft prevention protocols. I'm confident that my excellent leadership skills and proven ability to help companies reach their goals can benefit Amazon.

I've attached my resume which goes over my professional experience and educational background in detail. Thank you for your time. I'd be happy to discuss my qualifications with you if you have any questions, so please don't hesitate to reach out.

Sincerely,

Aubrey Russo

Get It Done: Write a Cover Letter Jeremy Schifeling, 2018-09-25 Want to write the perfect cover letter But don't have time to read through a 300 page book first Then Get It Done is for you Here's why it's been a Kindle best seller for six years in a row 1 It's fast The whole book takes about 30 minutes to read 2 It's to the point It breaks the cover letter down to 12 parts and gives you a precise template to complete for every single step 3 It works I developed this system while serving as a Recruiter for Teach For America I've since taught it to MBAs as a Career Coach at the University of Michigan leading to job offers from Apple GE Microsoft Amazon LinkedIn and Google And the system has even been featured in U S News I was just another piece of paper in the deck Jeremy's beneficial insight to the cover letter was against my traditional understanding His direct nature and step by step guidance proved to be beneficial in my search I was able to go through the book and develop a brand new cover letter from scratch in less than an hour Given the price of the book and the time it takes to go through there is absolutely no excuse why you shouldn't buy it right now and start fresh in conveying your background to your next employer LJ If you like me hate writing cover letters then this book is for you Before reading this book I was not even using cover letters because I thought they didn't matter and I didn't know what to say I just sent as many resumes as possible to as many job postings as possible This book changed my life It convinced me no doubt one of the most shameless no cover letter resume spammers out there to stop and write a cover letter Plus Schifeling lays out a series of clear quick steps that make it easy and anxiety free Jane E Nevins What you'll get A sample cover letter using the exact same approach that the author and hundreds of others have used to land jobs from Amazon to Zynga A cover letter template that's broken down into step by step chunks making it easy to apply to your own application The definitive cover letter format that recruiters and hiring managers prefer based on actual recruiting and hiring experience The Unaccountable State of Surveillance Clive Norris, Paul de Hert, Xavier L'Hoiry, Antonella Galetta, 2017-01-24 This book examines the ability of citizens across ten European countries to exercise their democratic rights to access their personal data It presents a socio legal research project with the researchers acting as citizens or data subjects and using ethnographic data collection methods The research presented here evidences a myriad of strategies and discourses employed by a range of public and private sector organizations as they obstruct and restrict citizens' attempts to exercise their informational rights The book also provides an up to date legal analysis of legal frameworks across Europe concerning access rights and makes several policy recommendations in the area of informational rights It provides a unique and unparalleled study of the law in action which uncovered the obstacles that citizens encounter if they try to find out what personal data public and private sector organisations collect and store about them how they process it and with whom they share it These are simple questions to ask and the right to do so is enshrined in law but getting answers to these questions was met by a raft of strategies which effectively denied citizens their rights The book documents in rich ethnographic detail the manner in which these discourses

of denial played out in the ten countries involved and explores in depth the implications for policy and regulatory reform
