Netflix Review:

Netflix's Ripley Joy McEntee,2025-11-19 This book traces the intertextual genealogy behind Netflix's new series Ripley directed by Steve Zaillian and offers a critical examination of Tom Ripley's enduring appeal across different media. As the series quickly climbs Netflix's international charts this volume provides a timely and insightful contribution to the Ripleyverse exploring the character's complex moral and sexual dimensions in today's cultural context. McEntee investigates Ripley's role within the televisual antihero genre engaging with theories from Jason Mittell's Complex TV and Margrethe Bruun Vaage's The Antihero in American Television. While Andrew Scott's portrayal of Ripley aims to generate empathy this book contends that traditional frameworks for understanding antiheroes are insufficient. Instead it introduces Eric Leake's notion of difficult empathy as a more appropriate model for analyzing Scott's Ripley offering a fresh perspective on the character's moral ambiguity. This contrasts sharply with Anthony Minghella's 1999 adaptation where Matt Damon's Ripley elicited a more straightforward emotional response. Readers will discover a nuanced discussion of how Ripley both adheres to and subverts the conventions of the antihero genre and comments self reflexively on the process of adaptation. The book invites scholars and students of television studies film and literature to engage with these themes providing a rich resource for understanding the evolving landscape of media narratives. Whether you are a scholar of media studies or a curious reader intrigued by the complexities of modern narratives this book promises to deepen your understanding of the cultural significance of Tom Ripley's latest iteration.

The Discourse of Online Consumer Reviews Camilla Vásquez,2014-06-19 The Discourse of Online Reviews is the first book to provide an account of the discursive pragmatic and rhetorical features of this rapidly growing form of technologically mediated communication. Examining a corpus of over 1 000 consumer reviews Camilla Vásquez explores many of the discourse features that are characteristic of this new user generated computer mediated and primarily text based genre. She investigates the language used by reviewers as they forge connections with their audiences to draw them into their stories as they construct their expertise and authority on various subjects and as they evaluate and assess their consumer experiences. She also demonstrates how reviewers display their awareness about emerging conventions of the very genre in which they are participating. This book adopts an eclectic approach to the analysis of discourse and explores topics such as evaluation identity and intertextuality as they occur in online reviews of hotels restaurants recipes films and other consumer products.
