in which the companies that see the biggest returns won't be the ones that can throw the most money at an advertising campaign but will be those that can prove they care about their customers more than anyone else. The businesses and brands that harness the word of mouth power from social media, those that can shift their culture to be more customer aware and fan friendly, will pull away from the pack and profit in today's markets. Filled with Vaynerchuk's irrepressible candor and wit as well as real world examples of companies that are profiting by putting Thank You Economy principles into practice, The Thank You Economy reveals how businesses can harness all the changes and challenges inherent in social media and turn them into tremendous opportunities for profit and growth.
