Bargaining with Baseball William B. Gould IV, 2014-01-10 In 1995, William B. Gould IV, then chairman of the National Labor Relations Board, cast the deciding vote to obtain the injunction that ended the longest strike in baseball history. Sixteen years of peaceful relations between baseball labor and management have followed, as well as unprecedented prosperity in a relationship that had just endured 30 years of strikes and lockouts. This study clearly illustrates the practical impact of law on America's pastime, considers the 140-year sweep of labor-management relationships and conflict, exploring player-owner disputes, the development of free agency, the collective bargaining process, and the racial integration of baseball among other topics. It concludes with a discussion of the steroids era, the problem with maintaining Jackie Robinson's legacy in the 21st century, and globalization.

Sports Capitalism Frank P. Jozsa, 2017-11-28 The book focuses on how, when, where, and why the US-based professional sports leagues extend their brands and penetrate markets in nations across the globe. The book examines the strategies, progress, and expectations of each league despite the cultural, economic, and political barriers that exist between and within countries and areas. It offers a model of the sports business and where appropriate, the emergence, evolution, and growth of prominent women's sports leagues are documented. This book is unique as there are no other academic publications that study and report the global ambitions of this special group of organizations in one volume. Readers such as

college and university sports history management marketing and international business professors students and researchers can use and apply the book as either a teaching supplement reference and or literature source It will also appeal to targeted groups beyond the academic community with strategic economic incentives to learn about sports capitalism such as sports entrepreneurs and league officials
