## **Sony Ericsson Mobile Phone User Guide:**

*Bluetooth Security Attacks* Keijo Haataja, Konstantin Hyppönen, Sanna Pasanen, Pekka Toivanen, 2013-10-28 Bluetooth technology has enjoyed tremendous success and it's now employed in billions of devices for short range wireless data and real time audio or video transfer In this book the authors provide an overview of Bluetooth security They examine network vulnerabilities and provide a literature review comparative analysis of recent security attacks They analyze and explain related countermeasures including one based on secure simple pairing and they also propose a novel attack that works against all existing Bluetooth versions They conclude with a discussion on future research directions The book is appropriate for practitioners and researchers in information security in particular those engaged in the design of networked and mobile devices

Topics in Language Resources for Translation and Localisation Elia Yuste Rodrigo, 2008 Language Resources LRs are sets of language data and descriptions in machine readable form such as written and spoken language corpora terminological databases computational lexica and dictionaries and linguistic software tools Over the past few decades mainly within research environments LRs have been specifically used to create optimise or evaluate natural language processing NLP and human language technologies HLT applications including translation related technologies Gradually the infrastructures and exploitation tools of LRs are being perceived as core resources in the language services industries and in localisation production settings However some efforts ought yet to be made to raise further awareness about LRs in general and LRs for translation and localisation in particular to a wider audience in all corners of the world Topics in Language Resources for Translation and Localisation sets out to establish the state of the art of this ever expanding field and underscores the usefulness that LRs can potentially have in the process of creating adapting managing standardising and leveraging content for more than one language and culture from various perspectives
