Tell My Mother I'm Not Dead Trevor Hamilton,2012-10-08 This book divides into two parts The first is a personal narrative of the impact of the death of the author s son Ralph on him and his family and his efforts to see if there was any evidence for his continued existence generated largely through visits to mediums that a thinking person could take seriously The second is an attempt to evaluate that evidence objectively based on an extensive survey of current and past scientific research in the UK and the USA The title reflects the inevitable tension between emotion and intellect in such an enquiry **The Persistence of the Soul** Mark Ireland,2023-10-10 Compelling evidence for afterlife messages backed by scientific research Presents detailed accounts of

experiments conducted to obtain evidence for the survival of consciousness after death including the author's own test involving a secret message left behind by his late sister. Shares interviews with mediums to understand how they receive information from the spirit world and explains how to recognize fraudulent mediums. Explores the healing impact that afterlife communications can have on people who are grieving. After the unexpected passing of his youngest son Mark Ireland began a search for messages from the afterlife and discovered remarkable proof of life after death. Interweaving profound personal experience and compelling scientific evidence Ireland presents a deep dive into psychic medium phenomena spirit visitations afterlife communication reincarnation synchronicity and near death experiences pointing to the survival of consciousness after bodily death. He details how he confronted his resistance to engaging in the spiritual and parapsychological practices of his deceased father prominent 20th century psychic Dr Richard Ireland who counseled celebrities such as Mae West and the Eisenhower family. On his journey he meets with respected mediums who deliver unexpected messages from his son father and others who have passed and explores the healing impact that such messages can have on people who are grieving. He shares his interviews with mediums to understand how they see hear and feel the information they receive from the spirits of the deceased and he explains how to recognize fraudulent mediums. Ireland presents detailed accounts of scientific experiments conducted to obtain evidence for the continuity of consciousness including the author's own test involving a secret message left behind by his deceased sister Robin. The contents of this message were unknown to any living person and remained sealed in an envelope until the author received messages from a group of mediums. He exposes deceptive arguments made by skeptics and examines mediumship through the lens of multiple religious traditions including some factions who seek to demonize the practice. Showing how spirit communication can be undeniably accurate and frustratingly ambiguous Ireland reveals the profound healing and transformative possibilities available to those who come to believe in the persistence of the soul.

Reading Beyond the Lines: A Treatise on Consciousness, Energy, Spirituality and Healing Liyla S, 2022-06-08

On an unsuspecting Friday night Liyla lost her son to an accident. Lost and disillusioned all she wanted was a chance to speak to her son again tell him she loved him and missed him. But death is the end isn't it. In a mind bending journey through the many planes we humans exist in Liyla's life changes as she encounters people who help reach across the veil of life and connect her to her son. This event opens a door in her life through which she discovers the meaning of life and beyond. Her studies ranging from contemporary Western sciences to ancient Indian wisdom lead her to understanding what it means to live and our purpose on this planet along with a clear realization that the universe is just energy. This book will take you on a journey that answers many questions that have plagued humanity. What exactly is the mind? What is Consciousness? What is destiny? And the biggest one of all: What happens after our physical forms pass from this life? Liyla looks at these questions with a scientific lens hoping to bridge the gaps between science and spirituality for each one of us looks for answers for these same questions within this cosmos. In this book

the spiritual aspects of life are explained with reference to the Panchakosha five layer theory of Indian spirituality which is elucidated in the Upanishads and other ancient Indian books This gives a strong logical basis to understand Consciousness and life in the physical and subtle planes     **Journal of the Society for Psychical Research** Society for Psychical Research (Great Britain),2009     **2009** ,2010-06-15 Reviews are an important aspect of scholarly discussion because they help filter out which works are relevant in the yearly flood of publications and are thus influential in determining how a work is received The IBR published again since 1971 as an interdisciplinary international bibliography of reviews it is a unique source of bibliographical information The database contains entries on over 1 2 million book reviews of literature dealing primarily with the humanities and social sciences published in 6 820 mainly European scholarly journals Reviews of more than 560 000 scholarly works are listed The database increases every year by 60 000 entries Every entry contains the following information On the work reviewed author title On the review reviewer periodical year edition page ISSN language subject area in German English Italian Publisher address of journal     **The British National Bibliography** Arthur James Wells,2009     Fire in My Soul Delbert McCoy,Tim Sheard,2004     Blues & Soul ,1990-07     **Papers on the Ethnology & Archaeology of the Malay Peninsula** Ivor Hugh Norman Evans,1927     **Chambers's Journal** ,1904     A Modern Pentecost Adam Wallace,1873     *Cyclopædia of American Literature* Evert Augustus Duyckinck,George Long Duyckinck,1877     **New Cyclopaedia of Prose Illustrations Adapted to Christian Teaching** Elon Foster,1876     **The American** Robert Ellis Thompson,Wharton Barker,1889     **Michigan Christian Advocate** ,1893     Journal Chemical, Metallurgical and Mining Society of South Africa, Johannesburg,1920     Unity ,1928
