South African Police Service Leanership 2014:

Police Integrity in South Africa Sanja Kutnjak Ivkovich, Adri Sauerman, 2020-04-29 Policing in South Africa has gained notoriety through its extensive history of oppressive law enforcement. In 1994 as the country's apartheid system was replaced with a democratic order the new government faced the significant challenge of transforming the South African police force into a democratic police agency the South African Police Service SAPS that would provide unbiased policing to all the country's people. More than two decades since the initiation of the reforms it appears that the SAPS has rapidly developed a reputation as a police agency beset by challenges to its integrity. This book offers a unique perspective by providing in-depth analyses of police integrity in South Africa. It is a case study that systematically and empirically explores the contours of police integrity in a young democracy. Using the organizational theory of police integrity the book analyzes the complex set of historical legal political social and economic circumstances shaping police integrity. A discussion of the theoretical framework is accompanied by the results of a nationwide survey of nearly 900 SAPS officers probing their familiarity with official rules their expectations of discipline within the SAPS and their willingness to report misconduct. The book also examines the influence of the respondents' race gender and supervisory status on police integrity. Written in a clear and direct style this book will appeal to students and scholars of criminology policing sociology political science as well as to police administrators interested in expanding their knowledge about police integrity and enhancing it in their organizations.

Sport Business in Leading Economies James J. Zhang, Haiyan Huang, John Nauright, 2017-12-04 From a renowned group of international scholars this new work examines how leading economic countries use sport business to drive and further economic development by raising brand awareness country as a brand transforming lagging communities and enhancing travel and tourism in the country.

Finding Voice Kim Shelley Berman, 2018-01-02 In *Finding Voice* Kim Berman demonstrates how she was able to use visual arts training in disenfranchised communities as a tool for political and social transformation in South Africa. Using her own fieldwork as a case study Berman shows how hands-on work in the arts with learners of all ages and backgrounds can contribute to economic stability by developing new skills as well as enhancing public health and gender justice within communities. Berman's work and the community artwork her book documents present the visual arts as a crucial channel for citizens to find their individual voices and to become agents for change in the arenas of human rights and democracy.
