Intermediate Accounting Donald E. Kieso, Jerry J. Weygandt, Terry D. Warfield, 2022-04-26 *Intermediate Accounting* by Donald Kieso, Jerry Weygandt and Terry Warfield has always been and continues to be the gold standard. Through significant updates, the 18th Edition presents a refreshed, accessible, and modern approach with new perspectives that help connect students to the what, the why, and the how of accounting information. In the intermediate accounting course, it can be difficult for students to understand the technical details and retain and recall core course topics. To move beyond basic understanding, students work through new integrated practice right at the point of learning and high quality assessment at varying levels, helping them to learn concepts more efficiently and create connections between topics and real world application. Throughout the course, students also work through various hands on activities including Critical Thinking Cases, Excel Templates, and Analytics in Action problems all within the chapter context. These applications help students develop an accounting decision making mindset and improve the professional judgement and communication skills needed to be successful in the profession. With *Intermediate Accounting* 18th Edition, you will be able to spark efficient and effective learning, help create the bridge to student success and inspire and prepare students to be the accounting professionals of tomorrow.

McConomy, 2022-03-14 *Intermediate Accounting* 13th Canadian Edition has always been and continues to be the gold standard that helps connect students to the what, the why, and the how of accounting information. Through new edition updates, you will be able to spark efficient and effective learning and inspire and prepare students to be the accounting professionals of tomorrow. To help develop a deeper understanding of course concepts and move beyond basic understanding, students work through a high quality assessment at varying levels, helping them learn more efficiently and create connections between topics and real world application. This course also presents an emphasis on decision making through Integrated Cases and Research and Analysis questions that allow students to analyze business transactions, apply both IFRS and ASPE, and explore how different accounting standards impact real companies. Throughout the course, students also work through a variety of hands on activities including Data Analytics Problems, Analytics in Action features, Excel templates, and a new emphasis on sustainability all within the chapter context. These applications help students develop an accounting decision making mindset and improve the professional judgement and communication skills needed to be successful in the evolving accounting world.
