Deb Dexter, Customer Service Director, Cardinal Health: About the Book: Globalization and advanced technologies have given ever greater power to the person who decides if your business will succeed or fail: the customer. Whether your company serves consumers or other businesses, you can no longer compete on price and quality alone. You need to seize The Customer Experience Edge.

Drawing on over sixty years of experience in shaping customer-centric strategies and technologies for leading companies, three innovators bring you practical and proven ways to create your customer experience programs and overall business strategies. In the middle ground lie the tools that everyone overlooks: foundational and disruptive technologies. These are the authors' main fields of expertise, and these are what make the customer experience profitable.
