

A group of women are practicing Pilates in a studio. In the foreground, a woman in a blue tank top and black leggings is performing a side plank on a mat, with her right leg bent and foot flat on the floor. In the background, other women are also working out on Pilates machines. The studio has large windows that look out onto a beach and the ocean. The text 'Club Pilates' is overlaid in a large, white, bold font with a blue outline.

rejuvenation policies and actors embeddedness Those mechanisms enable the development of contextualised parameters that support projection attempts of future gentrification processes at the neighbourhood level As a result a reflective understanding of gentrification and policy recommendations are drawn at a general level The recommendations refer to the political understanding of gentrification and its role in urban development This analysis argues that cities should include gentrification as a driving force in urban policies However processes of gentrification require mediation and monitoring by public authorities who should be aware of the risk of social fragmentation As a consequence cities should move towards a social entrepreneurial city that moves beyond the simple distribution of financial resources and responsibilities and ensures social responsibility within the force field of ongoing neoliberal forces
