The Apple Watch Series 6 is the latest update on the Apple Watch Series. This new Apple Watch device took the Health and Fitness monitoring to a whole new level. With the introduction of Blood Oxygen Sensor and App Always On Altimeter Family Setup and Optimization Features for the Entire Family the Apple Watch Series 6 has made its mark. It is the BEST health and Fitness watch you can lay your hands on out there. Also with the always on displays to GPS navigation Apple Watch has become more than a companion gadget to the iPhone it's become a stand alone device that is hard to live without. In addition to all the great features Apple Watch has always had Series 5 has a slimmer body yet with a screen that is somehow bigger has optional cellular for making phone calls and streaming music without your phone and drop detection so if you fall and can't get up the fire department is dispatched to your location. Everything about it was designed to motivate you to be more active. Apple Watch Series 6 has taken it a step further by adding additional health and fitness features including sleep monitor and Always On Altimeter. Something it should be noted all these new features runs smoothly without sacrificing battery. As amazing as all the new features are it's not quite as easy to use as an iPhone the lack of buttons the smaller screen and general UI can make a frustrating initial experience. The point of this book is to help new Apple Watch users and users updating to watchOS 7 from an older device and seniors get the most out of their investment.
