Social Media Cultures Dhiraj Murthy, 2024-12-15 This book explores the evolution of social media from traditional communication forms to modern dynamics like cancel culture self expression and celebrity influence The author uses empirical case studies to examine the profound impact of these platforms on a global scale and to reconsider the user's role in the broader social media ecosystem

**The Metaverse** Matthew Ball, 2024-07-23 From the leading theorist of the Metaverse comes the eagerly anticipated revised and updated account of the next internet what the Metaverse is what it will take to build it and what it means for all of us A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year In this substantially revised and updated edition of his internationally best selling book pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet The Metaverse according to Ball's industry shaping definition is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films and television series of the Walt Disney Company Ball points out that the Metaverse is already emerging around us and doesn't require a headset Still there are many breakthroughs required to fully realize the Metaverse and he describes each in approachable but expert detail Ball also lays out how governmental policy the philosophy of Big Tech leaders artificial general intelligence economics and human rights will shape the development of the Metaverse Famous for his ability to bring clarity to complex and misunderstood topics Ball demonstrates that the race to build the Metaverse also known as the spatial or immersive internet is only accelerating The Metaverse will endure as an indispensable guide for enthusiasts tech aficionados and anyone curious about the profound transformations underway in our increasingly interconnected world

New Money Lana Swartz, 2020-08-18 A new vision of money as a communication technology that creates and sustains invisible often exclusive communities In an engaging and timely work brimming with fascinating anecdotes and historical and literary references Lana Swartz brilliantly illustrates how financial technologies are quietly transforming how we socialize and what it means to belong Jonathan Zittrain author of *The Future of the Internet And How to Stop It* One of the basic structures of everyday life money is at its core a communication media Payment systems cash card app or Bitcoin are informational and symbolic tools that integrate us into or exclude us from the society that surrounds us Examining the social politics of financial technologies Lana Swartz reveals what's at stake when we pay This accessible and insightful analysis comes at a moment of disruption from fin tech startups to

cryptocurrencies a variety of technologies are poised to unseat traditional financial infrastructures Swartz explains these changes traces their longer histories and demonstrates their consequences She shows just how important these invisible systems are Getting paid and paying determines whether or not you can put food on the table The data that payment produces is uniquely revelatory and newly valuable New forms of money create new forms of identity new forms of community and new forms of power
