**Understanding Product Reviews** Yegin Genc, Jie Ren, 2017 While many consumers rely heavily on online reviews during their purchases it is unrealistic to expect a consumer to read every online review and make an informed decision. Many online review systems provide summary views in the form of overall sentiment scores or rating distributions e.g. Amazon, Alibaba, etc. While consumers rely on such high level views that summarize the opinions of many, they also read individual reviews to understand the nature of the overall sentiment. In a way, product details, overall sentiment summaries, and individual reviews form a network of information that users explore to make their purchase decisions. This work studies the user behavior when they are exploring this network of product and sentiment information and how it may relate to online sales. **Honest and Unbiased. The Helpfulness of Vine and Incentivized Reviews on Amazon** Tom Keller, 2021-06-01 Master's Thesis from the year 2016 in the subject Business Economics Offline Marketing and Online Marketing grade 1.7 University of Mannheim Lehrstuhl für Business to Business Marketing Sales Pricing language English abstract The goal of this study is to analyze the impact if any these two types of incentivization based reviews have on the perception of the review by the review reader because these reviews could have a bias or at least could be perceived to have one. For this the metric of review helpfulness which is the percentage of helpful votes a review has collected from its readers is analyzed accounting for a number of independent and confounding variables. Another aspect that is analyzed in the course of this study is the role of the product in this regard. This study is structured as follows: in 2 Literature Review the overarching research domain electronic word of mouth is illustrated and previous studies about the helpfulness of online consumer reviews and found effects are presented. Also credibility in the context of electronic word of mouth is discussed. In the course of 3 Conceptual Background two theories used to develop the tested hypotheses are described, one of which is frequently used in context of the helpfulness of online consumer reviews. After this the theoretical importance of the three most important observed variables in the statistical model is explained and the tested hypotheses are developed accordingly. Data Analysis a comprehensive outline about the entire empirical aspects of this study is given including the choice of confounding variables, decisions in regard to the data collection sample finalization, regression diagnostics and the final results of the hypotheses tests.

**Summary of Vaporized - [Review Keypoints and Take-aways]** PenZen Summaries, 2022-11-29 The summary of Vaporized Solid Strategies For Success in a Dematerialized World presented here include a short review of the book at the start followed by quick overview of main points and a list of important take aways at the end of the summary. The Summary of Vaporized takes an in depth look at the technological landscape of the future. As we move further into the digital age it is prudent to be aware of what to anticipate including what may occur to banks, jobs and the manner in which we conduct business. There is no denying that the internet has changed our lives and whether we like it or not there are many more changes to come in the not too distant future. Vaporized summary includes the key points and important takeaways from the book Vaporized by Robert Tercek. Disclaimer 1: This summary is meant to preview and not to substitute the original book. 2: We recommend for in depth

study purchase the excellent original book 3 In this summary key points are rewritten and recreated and no part text is directly taken or copied from original book 4 If original author publisher wants us to remove this summary please contact us at support mocktime com [Online Consumer Reviews](#) Hessamedin Vali,2016 Consumer reviews as an important source of product information are becoming popular in online markets Due to lack of physical access to the product and variation among buyer preferences there is always the risk of selecting an inappropriate product that doesn t meet a customer s needs If this happens not only does the buyer face an uncomfortable situation but also the seller will be in jeopardy of losing potential customers as well as paying warrantyrelated costs and expenses In the second chapter the focus is on different types of conflicting information among reviews as factors that affect their informativeness and accuracy of a purchasing decision Cognitive load theory explains that when a type of review conflict is easy to capture but cannot be related to a product like a conflicting star rating the cognitive load is too low and the product information cannot be captured Conflicting attributes can be easily related to a product and they are easy to capture therefore the cognitive load is medium and the delivered information is high In the third chapter the focus is on the effect of a review s repeating purchase cues on the overall perceived value of the product In summary when a positive review includes repeating purchase cues positive reviews are perceived more helpful than negative reviews Finally the value of review dimensions and review format on the review s perceived value is studied In general comparison reviews are perceived to be more valuable than noncomparison reviews However in the field of consumer reviews comparing reviews provides too much information and overwhelms the potential buyer By categorizing information in a table format the overwhelming issue can be managed so comparing reviews in a table format is perceived more valuable than existing traditional reviews
