Media Literacy W. James Potter, 2018-12-27 Media Literacy teaches readers how to navigate through the overwhelming flood of information found in today's media saturated world. Drawing from thousands of media research studies, author W. James Potter explores the key components to understanding the fascinating world of mass media. Potter presents numerous examples and facts to help readers understand how the media operate, how they attract attention, and how they influence the public. The Ninth Edition has been thoroughly updated to evolve with the ever-changing media landscape and features a new chapter on fake news, debating what we as news consumers can do to recognize fake news in order to avoid its influence. Theatre as Human Action Thomas S. Hischak, 2005-12-08 Through the use of four model plays: *Macbeth*, *Our Town*, *A Raisin in the Sun*, and *Rent*, this textbook informs the student about theatre arts, stimulates interest in the art form, leads to critical thinking about theatre, and prepares the student to be a more informed and critical theatregoer. Structured into seven chapters, each looking at a major area or artist and concluding with the audience and the students themselves, this textbook looks at both the theoretical and practical aspects of theatre arts, from the nature of theatre and drama to how it reflects society to explaining the processes that playwrights, actors, designers, directors, producers, and critics go through.

Theatre as Human Action Thomas S. Hischak, Mark A. Robinson, 2022-10-17 Theatre as Human Action is the ideal textbook to introduce students to the various aspects of theatre, especially for those who may have little or no theatre-going experience. Seven diverse plays are described to the reader from the start and then returned to throughout the book so that students can better understand the concepts being discussed. Both the theoretical and practical aspects of theatre are explored from the classical definition of theatre to today's most avant-garde theatre activities. Types of plays, the elements of drama, and theatre criticism are presented, as well as detailed descriptions of the different jobs in theatre, such as actor, playwright, director, designer, producer, choreographer, and more. The book concludes with a look at where and how theatre is evolving in America and the latest changes and innovations today. This fourth edition has been greatly expanded and updated, including the introduction of four new plays: *Sweeney Todd*, *The Demon Barber of Fleet Street*, *Fences*, *Angels in America*, and *Hadestown*, in addition to *Macbeth*, *You Can't Take It With You*, and *Hamilton*. A discussion of the rise of social media in raising awareness and replacing traditional review outlets, an entirely new enhanced section on diversity and inclusion in theatre, an updated selection of playwrights featured, including Terrence McNally, Lynn Nottage, Tony Kushner, and Lin-Manuel Miranda, to better reflect the diversity of those writing for the theatre today. Featuring full-color photographs, updated discussion questions, new topics for further research, and potential creative projects, the fourth edition of *Theatre as Human Action* is an invaluable resource to introduce students to the world of theatre.
