**Streaming Sounds** Michael James Walsh,2024-03-29

In a time when music streaming has become the dominant mode of consuming music recordings this book interrogates how users go about listening to music in their everyday lives in a context where streaming services are focused on not only the circulation of music for users but also the circulation of user data and attention Drawing insights directly from interviews with users music streaming is explained as never merely a neutral technology but rather one that seeks to actively shape user engagement Users respond to streaming platforms with some relishing these aspects that provide music to be drawn into daily activities while others show signs of resistance It is this tension that this book explores This unique and accessible study will be ideal reading for both scholars and students of popular music studies communication studies sociology media and cultural studies

**Can't Fight It** Smartypants Romance,Allie Winters,2023-05-02

Mousy bookworm Psychology nerd The kind of girl who constantly sticks her foot in her mouth The last thing I am is the type to attract the intimidating motorcycle riding guy in the apartment next door Especially when that mouth of mine gets me in trouble and he overhears me talk smack about him So no one s more surprised than me when he shows up as a participant in the psych study I m running on campus Or when he generously offers me some much needed self defense lessons Or when we grow closer than I thought possible It turns out some people aren t at all what they seem at first glance They can actually be everything you never knew you wanted in a man The thing is Austin Langford is so far out of my league it s laughable Muscled boxers don t go for nobodies like me I need to forget about this one sided attraction Even when it feels like I can t fight it Can t Fight It is a full length contemporary romance and can be read as a standalone Book 3 in the Lessons Learned series Educated Romance World

**The Metaverse** Matthew Ball,2024-07-23

From the leading theorist of the Metaverse comes the eagerly anticipated revised and updated account of the next internet what the Metaverse is what it will take to build it and what it means for all of us A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year In this substantially revised and updated edition of his internationally best selling book pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet The Metaverse according to Ball s industry shaping definition is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world

As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films and television series of the Walt Disney Company Ball points out that the Metaverse is already emerging around us and doesn t require a headset Still there are many breakthroughs required to fully realize the Metaverse and he describes each in approachable but expert detail Ball also lays out how governmental policy the philosophy of Big Tech leaders artificial general intelligence economics and human rights will shape the development of the Metaverse Famous for his ability to bring clarity to complex and misunderstood topics Ball demonstrates that the race to build the Metaverse also known as the spatial or immersive internet is only accelerating The Metaverse will endure as an indispensable guide for enthusiasts tech aficionados and anyone curious about the profound transformations underway in our increasingly interconnected world
