### **Dog Helps Those (Cozy Dog Mystery): #3 in the Golden Retriever Mystery Series (Golden Retriever Mysteries)**

Neil S Plakcy, 2023-10-19 It's almost time for graduation and Eastern College is in trouble. A prominent alumna is dead and a faulty computer program is jeopardizing student records and financial aid. It's up to Steve and Rochester to dig into the situation and retrieve the culprits. Rita Gaines wasn't a nice person but she did love her dogs and most of her clients respected her financial acumen and her talent in training dogs for agility trials. When she's found dead there's a long line of potential suspects from Wall Street whiz kids to doting doggie daddies including one of Steve's former students. Felae is an art prodigy now studying with Steve's girlfriend Lili, chair of Eastern's Fine Arts department and Rita hated his controversial senior project. When she tried to have his scholarship cancelled he threatened to kill her. But is he the villain behind her death? In between helping Steve's high school friend Rick track the killer Rochester practices darting around weave poles and jumping over limbo poles while Steve helps shepherd the college toward the completion of another academic year. It's spring in Stewart's Crossing and old friends and their dogs gather together to investigate and eventually to celebrate *Becky Tibbs: A Medium's Mystery Series, Books 11-15*.

As one reviewer said, 5 Stars. *A Medium* and her Family Good story and very nice character development. Liked the sibling's growth. Not too scary, dary, definitely small town appeal to story. *Mystery of Mystique* Douglas Earl, 2012 A young doctor has left the hustle of New York City to start a practice in the small town of Mystique, New Hampshire. The town of Mystique has its share of unique characters from Austria Copley, a busy body that is always stirring up trouble; Larry Aurabach, a grumpy elderly man that has no respect for anyone; Mark Cannon, another who treats his wife with little respect. The small town would experience a summer of stress, confusion and worry. The negative personalities displayed by Austria, Larry and Mark disappear. They become kinder and respectful. What caused these changes? Roger Charles, the young doctor that had left the city for the tranquil life of New Hampshire finds himself in the middle of a virus that attacks the brain, changing ones thinking.

The symptoms are difficult to pick up With the help and encouragement of his new friend Judy they try to put the pieces together How would the virus end its run Would it return Who else would contract it The twists and turns and the surprise ending will hold your attention Douglas Earl was born in New York City in 1947 Raised in a family of high moral values he does the best to respect all people Doug always tries to put himself in the other person s situation to understand how they feel He currently lives in New Hampshire where he moved to in 1974 He retired in 2003 after 32 years of service as a government employee Douglas enjoys in his spare time golfing writing antiques and playing the piano Two years ago he had the opportunity to appear in a commercial for a national hotel chain He is extremely proud of his three children and four grandchildren    **Atlanta Magazine** ,2006-07 Atlanta magazine s editorial mission is to engage our community through provocative writing authoritative reporting and superlative design that illuminate the people the issues the trends and the events that define our city The magazine informs challenges and entertains our readers each month while helping them make intelligent choices not only about what they do and where they go but what they think about matters of importance to the community and the region Atlanta magazine s editorial mission is to engage our community through provocative writing authoritative reporting and superlative design that illuminate the people the issues the trends and the events that define our city The magazine informs challenges and entertains our readers each month while helping them make intelligent choices not only about what they do and where they go but what they think about matters of importance to the community and the region
