to the left than ever before Step onto a college campus attend a street protest flip to a legacy news network tune in to a White House press briefing and you're likely to come down with a bad case of déjà vu The media composed almost entirely of liberal elites along with the Democratic Party and its activists have long worked in tandem to make their ideas palatable to the public But the media's reliance on the left for relevance had an unwanted side effect it's been forced to genuflect to the most radical and most obnoxious and unfortunately very influential activists Over the past decade the zealous individuals once derided as college snowflakes by the right have taken over key cultural institutions pushing the national conversation further to the left than ever before These individuals have cohered into a potent clique that has employed campus mob tactics to orchestrate revolutions and purges at the New York Times major publishing companies and mega corporations in Silicon Valley and beyond Low level staffers transform into Slacktivists organizing protests through their company social media channels and WhatsApp group chats eventually collecting enough digital signatures to wrestle management into submission Amber Athey has witnessed it all come to fruition She was the most vocal conservative at Georgetown University when academic freedom was first being suffocated by safe spaces and trigger warnings After graduation she covered liberal bias at colleges across the country binged endless hours of cable news each day as a media reporter and most recently embedded with the White House press corps as a correspondent Part memoir part investigation and part prescription this book will expose how modern media influences the American public with the coordinated assistance of left wing politicians think tanks special interest groups and experts Finally The Snowflakes Revolt will argue that the introduction of petulant radicals to this already volatile concoction will only accelerate the media's collapse

### **Liberalism**

Mark Dice,2018-11-13 It's as if we're living in an episode of the Twilight Zone Every day we are inundated by news reports trending topics on social media and new political movements promoting such bizarre beliefs about race gender sexuality and life in general that it's impossible in many cases to

distinguish whether such ideas are serious or if they're a parody of what liberalism has become. The political differences between liberals and conservatives used to be pretty well established but recently the tug of war between the Left and the Right took a dramatic and disturbing turn. Modern liberalism has been replaced with new and boggling agendas promoting the adoption of unscientific authoritarian and sociologically disastrous ideologies. In attempts to accomplish their plans the Left are conspiring to end freedom of speech, traditional families, long-cherished holidays, and hope to implement a new world order. Who is behind this madness? What is their ultimate goal? How far are they willing to go to achieve it? And what can we do to stop them? Bestselling author and media analyst Mark Dice takes you on a tour inside the minds of those constructing this new social landscape in his groundbreaking investigation *Liberalism: Find a Cure* — *AI Business for Everyone* Michael T. Murphy, AI income strategies that actually work for YOUR life. This 1 000 page manual guide delivers hyper personalized passive income roadmaps for 15 demographics: parents, retirees, freelancers, everyone.
