roll up Breathe out and roll forward Inhale as your head touches the mat Roll back to repeat the move Double Leg Kick This move works the back extensors and the hamstrings primarily but it can be a total body exercise as well Start by lying face down with your head turned to one side and your feet together **Pilates for Beginners** Katherine Corp, Kimberly Corp, 2018-11-27 The do anywhere for anyone Pilates instruction book It breaks down each exercise in a way that is easy to follow and lets you move at your own pace Jennifer Lang M D author of The Whole 9 Months No matter your fitness level learning to do Pilates means going back to the basics Teaching you core Pilates exercises with step by step guidance and easy sequences Pilates for Beginners is the ultimate starter guide for a confident at home Pilates practice From your first time on the mat to finishing a complete sequence this book develops your Pilates regimen with a progressive easy to follow program Complete with clear instructions photographs and tips to do the exercises right this is your go to reference to keep your body supple and mobile and add more life to your years This workout guide gives you all the information you need to make Pilates part of your daily routine with Pilates 101 that explains the philosophy and guiding principles of Pilates Centering Concentration Control Precision Breath and Flow to incorporate into workouts 50 easy to follow exercises that include warm ups cool downs and bonus strengthening exercises with photographs checklists and tips to help guide you Progressive sequences that lay a strong foundation for body awareness in the introductory program and build strength spinal mobility flexibility and control from Level 1 to Level 2 Pilates is a source of lifelong energy strength and flexibility for both your mind and body Start building your practice and feel the difference with Pilates for Beginners Stemming from their decades of extensive professional experience Katherine and Kimberly have thoughtfully created a truly unparalleled guide to Pilates that is easy to follow and full of valuable information Jessica Matthews DBH author of Stretching to Stay Young
