

# Sony Organizational Structure

Sony has a matrix organizational structure primarily based on function-based groups and product/business divisions. The structure also incorporates geographical divisions. In 2021, Sony announced the overhauling of its organizational structure, changing its name from Sony Corporation to Sony Group Corporation to better identify itself as the headquarters of the Sony group of companies skewing the company toward product divisions.

**The Blue Laser Diode** Shuji Nakamura, Stephen Pearton, Gerhard Fasol, 2013-04-17 Shuji Nakamura's development of a blue semiconductor laser on the basis of GaN opens the way for a host of new applications of semiconductor lasers. The wavelengths can be tuned by controlling the composition. For the first time it is possible to produce lasers with various wavelengths ranging from red through yellow and green to blue in one substrate material. This fact together with their high efficiency makes GaN based lasers very useful for a wide spectrum of applications. The second edition of this basic book on GaN based devices has been updated and significantly extended. It includes a survey of worldwide research on GaN as well as Nakamura's latest important developments. The reader finds a careful introduction to the physics and properties of GaN. The main part of the book deals with the production and characteristics of GaN LDs and LEDs. To complete the spectrum of applications GaN power devices are also described.
