soul retrieval works The book also offers a glimpse of the author's own soul retrieval process including past life merging excerpts from private and public sessions and actual exercises from soul retrieval workshops

Why Must Soul Retrieval Be Done During profound stress pain or other trauma

human beings often experience what is called soul loss meaning the loss of aspects of one's soul Such events as loss of a loved one automobile accident surgery addiction combat trauma abortion or miscarriage and physical abuse are the prime causes When a soul is fragmented one may no longer remember the details of the traumatic incidents that caused the fragmentation The lost soul aspect has taken those memories with it When a soul part leaves it may also take with it a measure of one's vitality The more severe the trauma the more life force is depleted People who have lost soul aspects may suffer chronic illnesses in childhood as a result of this reduced life force One example of soul fragmenting occurs because of childhood sexual abuse Here parts of the soul literally leave because the event is too painful If the soul fragmentation is severe enough such illnesses as schizophrenia may occur Because the integrity of the parts to the whole is broken down recovery is seen as an impossibility Further the will may become vulnerable to negative entity attachment Having fragments remain unincorporated between lifetimes affects karma because issues encapsulated in the consciousness of those fragments remain unresolved In addition if we remain unconscious of our other multi-incarnational lives we bring them with us to our next incarnation hopefully to awaken us to the reality that they're out there

Shamanic Soul Retrieval

Soul fragments rarely can return without assistance Virtually without exception however when one does an internet search on soul retrieval page after page comes up listing shamanic soul retrieval as the available option A time honored and proven method shamanic soul retrieval has benefited many and is still appropriate for certain people However many have experienced that the shamanic method is much slower and can be quite uncomfortable With this method you undergo a linear process a shamanic journey and then over time the psychological and emotional integration of the parts Once the soul retrieval is done however the client may be left to go through the rigors of soul integration alone The reason is that with shamanic soul retrieval the work is primarily physical and psychological Therefore the restructuring is really going on in your psychological consciousness that is personality consciousness not at the Soul level This is a primary reason why clients come to the author for higher dimensional soul retrieval after they have received shamanic soul retrieval

Book Testimonials

I have read your website and concur with much of what you write there I took soul retrieval training through the Foundation for Shamanic Studies As the result of my own soul retrieval work personally as well as with clients I have found out the same things as you that the shamanic way can be slow and painful Often past life work beliefs work or other extra healing work need to be done

Chia,2007-11-15 A guide to the practice of the Lesser Kan and Li that gives birth to the soul body and the immortal spirit
body Shows how to awaken higher consciousness through practices in total darkness that stimulate the release of DMT by
the pineal gland Shows how to transform sexual energy into life force energy to feed the soul body The Lesser Enlightenment
of Kan and Li practice combines the compassion of the heart energies yang fire with sexual energies originating in the
kidneys yin water to form and feed the soul or energy body Practice of the Chinese formula Siaow Kan Li yin and yang mixed
uses darkness technology to literally steam the sexual energy jing into life force energy chi by reversing the location of yin
and yang power This inversion places the heat of the bodily fire from the heart center beneath the coolness of the bodily
water of the sexual energy of the perineum thereby activating the liberation of transformed sexual energy Darkness
technology has been a key element of Taoist practice and of all Inner Alchemy traditions throughout the ages A total
darkness environment stimulates the pineal gland to release DMT into the brain The darkness actualizes successively higher
states of consciousness correlating with the accumulation of psychedelic chemicals in the brain In the darkness mind and

soul begin to wander freely in the vast realms of psychic and spiritual experience Death is no longer to be feared because life beyond the physical body is known through direct experience The birth of the soul is not a metaphor It is an actual process of converting energy into a subtle body Developing the soul body is the preparation for the growth of the immortal spirit body in the practice of the Greater Enlightenment of Kan and Li Soul Recovery and Extraction Eileen Nauman,Ai Gvhdi Waya,2014-10-01 Spiritually one can lose a soul piece by giving power away to someone or something else Soul recovery is about regaining the fragments of one s soul energy that have been trapped lost or stolen either by another person or lost through a traumatic incident The heart of this shamanistic healing method is taking back control of your life Shamanism in the simplest definition is the ability of an individual to move into an altered state and travel the inner dimensions of what we call nonphysical reality This technique is as old as human existence It is practiced around the world and in the past decade it has been reintroduced to Western civilization although among indigenous cultures shamanism continues to be practiced as a healing tool without interruption Extraction is another tool within the shamanistic tradition that dissolves blocks from our bodies or the aura of electromagnetic energy that surrounds us These blocks can affect us physically as well as mentally emotionally or spiritually and with a shaman s expertise they can be removed **Healing Beyond the Body B** Larry Dossey,2002-05 *Hidden Faces of the Soul* Sheldon Z.
