Short French Fiction John Flower, 1998 This volume provides new insights into some of the best examples of this form of writing in the twentieth century and also includes a chapter which explores ways in which the genre is evolving as the century draws to a close      **Dominion Law Reports** ,1916      Transnational French Studies Charles Forsdick, Claire Launchbury, 2023-10-01 The contributors to Transnational French Studies situate this disciplinary subfield of Modern Languages in actively transnational frameworks The key objective of the volume is to define the core set of skills and methodologies that constitute the study of French culture as a transnational transcultural and translingual phenomenon Written by leading scholars within the field chapters demonstrate the type of inquiry that can be pursued into the transnational realities both material and non material that are integral to what is referred to as French culture The book considers the transnational dimensions of being human in the world by focussing on four key practices which constitute the object of study for students of French language and multilingualism the construction of transcultural places and the corresponding sense of space the experience of time and transnational subjectivities The underlying premise of the volume is that the transnational is present and has long been present throughout what we define as French history and culture Chapters address instances and phenomena associated with the transnational from prehistory to the present opening up the geopolitical map of French studies beyond France and including sites where communities identified as French have formed

Without God Louis Betty, 2016-06-03 Michel Houellebecq is France's most famous and controversial living novelist Since his first novel in 1994 Houellebecq's work has been called pornographic racist sexist Islamophobic and vulgar His caricature appeared on the cover of the French satirical weekly Charlie Hebdo on January 7 2015 the day that Islamist militants killed twelve people in an attack on their offices and also the day that his most recent novel *Soumission* the story of France in 2022 under a Muslim president appeared in bookstores *Without God* uses religion as a lens to examine how Houellebecq gives voice to the underside of the progressive ethos that has animated French and Western social political and religious thought since the 1960s Focusing on Houellebecq's complicated relationship with religion Louis Betty shows that the novelist who is at best agnostic is a deeply and unavoidably religious writer In exploring the religious theological and philosophical aspects of Houellebecq's work Betty situates the author within the broader context of a French and Anglo American history of ideas ideas such as utopian socialism the sociology of secularization and quantum physics Materialism Betty contends is the true destroyer of human intimacy and spirituality in Houellebecq's work the prevailing worldview it conveys is one of nihilism and hedonism in a postmodern post Christian Europe In Betty's analysis materialist horror emerges as a philosophical and aesthetic concept that describes and amplifies contemporary moral and social decadence in Houellebecq's fiction      *Havet's Practical French grammar ...
