The Implementation of the Second Vatican Council Johannes Paul II (pave), 1980      The Vision of John Paul II Gerard Mannion, 2008 The Vision of John Paul II assesses the writings work and ecclesial Vision of this long serving pontiff Moving beyond the scope of so many other books on John Paul II this volume seeks to fill a gap by focusing on his lasting influence on pressing issues facing the church today social justice women s roles collegiality ecumenism and interreligious dialogue Readers will appreciate the contributions of internationally known and respected scholars Michael Walsh Ronald Modras Paul McPartlan Gerard Mannion Judith Merkle Jim Voiss Charles E Curran Mario I Aguilar Susan Rakoczy Paul Lakeland Gemma Simmonds Raymond G Helmick Peter Phan This accessibly written volume allows readers to engage with a variety of viewpoints and to understand the ways in which the legacy of John Paul II continues to impact today s church      Worldview David K. Naugle, 2002-07-16 Conceiving of Christianity as a worldview has been one of the most significant events in the church in the last 150 years In this new book David Naugle provides the best discussion yet of the history and contemporary use of worldview as a totalizing approach to faith and life This informative volume first locates the origin of worldview in the writings of Immanuel Kant and surveys the rapid proliferation of its use throughout the English speaking world Naugle then provides the first study ever undertaken of the insights of major Western philosophers on the subject of worldview and offers an original examination of the role this concept has played in the natural and social sciences Finally Naugle gives the concept biblical and theological grounding exploring the unique ways that worldview has been used in the Evangelical Orthodox and Catholic traditions This clear presentation of the concept of worldview will be valuable to a wide range of readers      **Models of the Church** Avery Dulles, 2002-05-14 There is today a dramatic reexamination of structure authority dogma indeed every aspect of the life of the Church is held up to scrutiny Welcoming this as a sign of vitality Avery Dulles has carefully studied the writings of contemporary Protestant and Catholic ecclesiologists and sifted out six major approaches or models through which the Church s character can be understood as Institution Mystical Communion Sacrament Herald Servant and in a recent addition to the book as Community of Disciples A balanced theology he concludes must incorporate the major affirmations of each The method of models or types observes Cardinal Dulles can have great value in helping people to get beyond the limitations of their own particular outlook and to enter into fruitful conversation with others Such conversation is obviously essential if ecumenism is to get beyond its present impasses This new edition includes a new Appendix and Preface by the author      *Vatican II Renewal, Path to the Future of the Church* Joseph F. **Crossing the Threshold of Love** Mary Shivanandan, 1999 The papal encyclical *Humanae Vitae* predicted the disintegration of marriage and family life partly as a result of the widespread use of contraception Pope John Paul II has since addressed the problem by articulating a fresh understanding of marriage love and sexuality which takes account of the dignity of the human person and especially of women In this most exhaustive and scholarly assessment of John Paul II's Christian anthropology ever written Mary Shivanandan examines the scientific data and the theological analysis that underlie his teachings on marriage and sexuality Her book will be an essential text for the study of the development meaning and implications of Catholic doctrine in this controversial area It is both lucid and multi disciplinary Its appearance marks a new stage in the debate over sexuality in the modern world

ABOUT THE AUTHOR Mary Shivanandan STD is a professor at the John Paul II Institute for Studies on Marriage and the Family PRAISE FOR THE BOOK Mary Shivanandan has successfully accomplished a daunting task the distillation of John Paul's profound and complicated vision of the essence of man and the meaning of marital love A very valuable presentation of the thought of John Paul on human sexuality marriage and the family Anyone who wants to understand the Pope on these matters must have Shivanandan's book as part of his personal or formal curriculum New Oxford Review An exceptionally brilliant study Shivanandan very accurately and clearly sets forth the major ideas developed at length by Pope John Paul II in many of his writings She has entered into serious dialogue with contemporary thinking regarding the nature of the human person the meaning of the human body and the meaning of human sexuality relating and contrasting this thinking with that of John Paul II Prof William E May John Paul II

**A Catholic Spirituality for Business** Martin Schlag, Domenc Mele, 2019 Spirituality and gift are notions that are en vogue Topics such as spirituality at the workplace spirituality management spirituality in leadership organizational spirituality and other related topics are trending in management literature The logic of gift is also appearing more frequently especially in attempts to rethink the way our economy works in order to include the marginalized

The expression logic of gift was introduced into official Catholic social teaching by Pope Benedict XVI who presented it in association with the principle of gratuitousness which in turn is an expression of fraternity However before Caritas in Veritate and ever since Marcel Mauss's groundbreaking work The Gift the importance of gift for human relationships and for the cohesion of society had been increasingly recognized Alain Caillé and Jacques T Godbout further fleshed out the implication of gift for contemporary society in the context of secular social sciences striving to overcome utilitarianism It was the civil economy movement however that exercised greatest influence on Benedict XVI's encyclical Caritas in Veritate

This present volume reflects on the general scope of these notions for business and society This is done by structuring the book in two parts each dedicated to one of the two concepts Each part has two general chapters and two that apply the notions to business and to business education The authors are a mix of well known emeritus professors and younger talented emerging scholars We have also been careful to combine European with American authors
