their practice settings Things have changed as they cannot be certain of what medical conditions that patients from various parts of the world will present to them Doctors also cannot be unequivocal that an emergency in a distant part of the globe may not require their attention This book therefore meets the needs of doctors irrespective of their length of practice or where they practice What applies to doctors certainly applies to medical students This book is an atypical book as it puts in its two volumes of less than 500 pages of 8 5 x 11 per volume material that any doctor anywhere should keep on their office or consulting room bookshelf The e book version is also a veritable companion *AIDS/HIV Infection: 1991-1992* ,1991
