**The Misdirection of Education Policy** Nancy DaFoe, 2016-06-20 The Misdirection of Education Policy Raising Questions about School Reform proposes critically important questions about the wisdom of American public education policy and reform initiatives Laying out the particulars of three policy strands creation of STEM curricula schools expansion of charter schools privatizing and teacher accountability testing tied to job security The Misdirection of Education Policy exposes complications contradictions and deliberate deceptions in these supposed solutions to very real issues in education Dafoe theorizes that obstacles facing American education are far more complicated than policy makers suggest or consider The Misdirection of Education Policy poses the question of whether it is practical to offer an education that is not merely practical in its ends opening doors far beyond career readiness and filling employers job slots The approach suggested here is designed to offer an arterial that allows students and teachers to do more than simply prepare for STEM careers it advocates for an education that helps people navigate life by becoming explorers who remain curious and analytical about their world *Library Journal* Melvil Dewey, Richard Rogers Bowker, L. **Library Journal**, 2006-04 **God, Caesar, and Idols: The Church and the Struggle for America's Soul** Rick D. Boyer, 2022-02-09 Once one nation under God America today is desperately sick And the Church seems to have no answers How can a nation so churched be so untouched by the Gospel Why has the Glory departed leaving a nation racked by political hatred drug addiction and shattered families God Caesar and Idols asks these questions and calls the Church to seek God's Word for answers Too many Christians no longer make political choices on the basis of eternal truth but instead make them on the basis of purely financial considerations It's time for the Church to break its addiction to humanistic government schooling and instead bring them up in the nurture and admonition of the Lord This book challenges the Church to reject cheap grace and the easy temptation to be tolerant of society's rebellion We must again honor the authority of God's Word and embrace the life altering power available when we reject our cultural idols and proclaim the whole counsel of God without compromise Armed with careful scriptural exegesis and supported by the words of great Christians from church history God Caesar and Idols encourages the American Church to again contend for the faith in today's culture whatever the cost *Business Education (UBEA) Forum*, 2006 *American Book Publishing Record*, 2005 *The Publishers Weekly*, 2006 *The Delineator* R.
