

INTEGRATED Math 1

Grade 9–10 | WORLD'S #1 MATHEMATICS OUTLINE

Common Core
State Standards

High
School

Algebraic Expressions, Writing Equations, Solving Inequalities, Functions, Arithmetic Sequences, Systems of Equations, and more!

ALGEBRAIC EXPRESSIONS & PROPERTIES ASSE1.NQ.3

A **variable** is a symbol that is used to represent an unknown quantity. An **algebraic expression** is a mathematical expression that contains one or more variables, one or more numbers, and one or more arithmetic operations.

EX: x
 $5 - b$
 $4p + 2q + 7$
 $3x^2 + 7x - 1$

Order of Operations

The **order of operations** is a set of rules that determine which operations to perform first when evaluating a numerical expression.

1. Evaluate within grouping symbols.
2. Evaluate all powers.
3. Multiply and divide from left to right.
4. Add and subtract from left to right.

Properties of Real Numbers

For real numbers a , b , and c , the following properties are true.

Property	Expression
Commutative Property of Addition	$a + b = b + a$
Commutative Property of Multiplication	$a \cdot b = b \cdot a$
Associative Property of Addition	$a + (b + c) = (a + b) + c$
Associative Property of Multiplication	$a \cdot (b \cdot c) = (a \cdot b) \cdot c$

Distributive Property	$a \cdot (b + c) = a \cdot b + a \cdot c$
Additive Identity Property	$a + 0 = a$
Additive Inverse Property	$a + (-a) = 0$
Multiplicative Inverse Property	$a \cdot \left(\frac{1}{a}\right) = 1, a \neq 0$
Multiplicative Property of Zero	$a \cdot 0 = 0$

Parts of an Expression

A **term** is a number, variable, or the product of numbers and variables in an expression. **Like terms** are terms that have the same variables raised to the same powers. Two quantities that are being multiplied in an expression are called **factors**. The **coefficient** of a term is the numerical factor of the term. A term that consists of a number and no variables is called a **constant**.

REASONING WITH QUANTITIES NQ1.NQ.3

The units of a quantity can help you understand and solve multi-step problems.

Dimensional Analysis

Dimensional analysis is the process of using conversion factors to change from one set of units to another set of units.

EX: Jamie jogged 495 feet in 45 seconds. What was her speed in miles per hour?

Write the given information as a ratio. Then use appropriate conversion factors to change units.

$$\frac{495 \cancel{ft}}{45 \cancel{s}} \cdot \frac{1 \text{ mi}}{5280 \cancel{ft}} = \frac{1 \text{ mi}}{480 \cancel{s}}$$

Convert from feet to miles.

$$\frac{1 \text{ mi}}{480 \cancel{s}} \cdot \frac{60 \cancel{s}}{1 \text{ min}} = \frac{1 \text{ mi}}{8 \text{ min}}$$

Convert from seconds to minutes.

$$\frac{1 \text{ mi}}{8 \cancel{\text{ min}}} \cdot \frac{60 \cancel{\text{ min}}}{1 \text{ hr}} = \frac{7.5 \text{ mi}}{1 \text{ hr}}$$

Convert from minutes to hours.

Jamie's speed was 7.5 miles per hour.

Modeling with Appropriate Units

When modeling with quantities, it is important to choose appropriate units.

EX: Suppose a tourist buys a map of Florida while on vacation. What might the scale of the map be? What units would represent the actual distance between cities?

The map is a small-scale drawing of the state. Distances on the map will be very small compared to the actual distances between cities. A scale for the map might be 1 cm = 250 km or 2 in. = 175 mi. The distances between the actual cities would be measured in miles or kilometers.

Accuracy & Precision

Accuracy describes how close a measured value is to the actual value.

EX: Thomas is 5 feet 10.25 inches tall. A measurement of 5 feet 10 inches is more accurate than a measurement of 6 feet when describing his height.

Precision describes the exactness of a measurement and is dependent on the unit of measure. The **precision unit** is the smallest unit on the tool being used to measure. As the units of measurement get smaller, the measurement gets more precise.

EX: A ruler that measures in millimeters is more precise than a ruler that measures in centimeters.

EX: For a scale that gives weight in pounds and ounces, the precision unit is ounces.

WRITING EQUATIONS A.CED.1, A.CED.3

An **equation** is a number sentence that states that two quantities are equal to each other. The verbal expressions **equals**, **is**, **is equal to**, and **is the same as** indicate an equation.

Modeling with Equations

Equations can be used to model real-world situations and solve problems.

EX: Reggie's little sister is 3 years younger than him. The sum of their ages is 27 years. How old is Reggie?

- Define a variable.
- Let r represent Reggie's age.
- Translate the verbal description into an equation.

Reggie's age: r
Reggie's sister's age: $r - 3$
Sum of their ages: $r + (r - 3)$
Because the sum of their ages is 27 years, the equation $r + (r - 3) = 27$ models the situation.

You can verify that the solution to the equation is $r = 15$. So, Reggie is 15 years old. In the next section, you will learn several methods for solving equations.

SOLVING EQUATIONS A.REI.1, A.REI.3

You can use the following properties of equality to solve equations.

- **Addition Property of Equality:** If you add the same number to both sides of an equation, the two sides remain equal.
- **Subtraction Property of Equality:** If you subtract the same number from both sides of an equation, the two sides remain equal.
- **Multiplication Property of Equality:** If you multiply both sides of an equation by the same number, the two sides remain equal.
- **Division Property of Equality:** If you divide both sides of an equation by the same nonzero number, the two sides remain equal.

Solving Multi-step Equations

Equations that have multiple operations and more complicated expressions are called **multi-step equations**. To solve these types of equations, simplify both sides as much as you can and use the properties you have learned to undo the operations.

EX: A coin-operated car wash costs \$1.75 plus \$0.50 per minute of use. Shawna spent \$2.75 using the car wash. Solve the equation $1.75 + 0.5m = 2.75$ to find the number of minutes, m , that she used the car wash.

$$1.75 + 0.5m = 2.75$$

$$1.75 - 1.75 + 0.5m = 2.75 - 1.75$$

$$0.5m = 1$$

$$2(0.5m) = 2(1)$$

$$m = 2$$

Shawna used the car wash for 2 minutes.

Original equation
Subtract 1.75 from each side.
Simplify.
Multiply each side by 2.
Simplify.

Math Practice 3: Construct viable arguments and critique the reasoning of others.

Each time you apply a property of real numbers or a property of equality to transform an equation, you can justify that both sides of the equation are still equal. As you solve equations, think about which property allows you to transform it into an equivalent form.

Study Guide Workbooks Math

Peter Roberts

Study Guide Workbooks Math:

HSC Mathematics Revision & Exam Workbook Lyn Baker, 2004 This book has been specifically designed to help Year 12 students thoroughly revise all topics in the HSC Mathematics course and prepare for class assessments, trial HSC and HSC exams. Together with the Year 11 Preliminary Revision Exam Workbook, the whole senior Mathematics course is covered. The book includes topics covering the complete HSC Mathematics course, 200 pages of practice exercises with topic tests for all chapters, cross-references to relevant pages in the HSC Mathematics study guide, topic tests for all chapters, two sample examination papers, answers to all questions. Praxis Core Math 5733 Study Guide Updated Edition Exam Sam, 2021-06-14 Exam SAM's Praxis Core Math 5733 Study Guide Updated Edition Mathematics Workbook and Practice Test Questions Academic Skills for Educators helps you learn the methods and formulas that you need to answer all of the types of questions on the Praxis Core Math Test. The book is the up-to-date 5733 version of the first edition of our highly rated Praxis Core Math book entitled Praxis Core Math Study Guide with Mathematics Workbook and Practice Tests Academic Skills for Educators. Unlike other Praxis Core math study guides for sale on Amazon, our book covers the exact skills you need for the 5733 version of the Praxis Core Math Test. Why waste your time studying skills and formulas that you don't need for the test? The practice tests in our book have been designed with feedback from actual Praxis Core test takers so the questions genuinely simulate those you will see on the actual day of your test. Praxis Core Math Practice Test 1 is in study guide format with exam tips, formulas, explanations, and solutions after each question. You can refer back to the formulas and explanations in the first section of the study guide as you complete the remaining practice tests in the book. The practice tests cover the same skill areas as the actual Praxis Core Math 5733 exam, so each practice test has 56 questions as follows: 20 number and quantity questions, 18 data interpretation and representation, statistics and probability, and 18 algebra and geometry questions. Get a step ahead in your Praxis Core Math 5733 preparation with this great book. Common Core Math Grade 3 Workbook Test Prep Books, 2018-10-08 Test Prep Books' Common Core Math Grade 3 Grade 3 Workbook Common Core 3rd Grade Math Workbook Practice Test Questions Developed by Test Prep Books for test takers trying to achieve a passing score on the Common Core Math Grade 3 exam, this comprehensive study guide includes Quick Overview, Test Taking Strategies, Introduction, Operations and Algebraic Thinking, Number and Operations in Base Ten, Number and Operations Fractions, Measurement and Data Geometry. Each section of the test has a comprehensive review created by Test Prep Books that goes into detail to cover all of the content likely to cover 3rd Grade Common Core standards. The Test Prep Books Common Core Math 3rd Grade practice test questions are each followed by detailed answer explanations. If you miss a question, it's important that you are able to understand the nature of your mistake and how to avoid making it again in the future. The answer explanations will help you to learn from your mistakes and overcome them. Understanding the latest test taking strategies is essential to preparing you for what you will expect on the exam. A test taker has to not only understand the

material that is being covered on the test but also must be familiar with the strategies that are necessary to properly utilize the time provided and get through the test without making any avoidable errors Test Prep Books has drilled down the top test taking tips for you to know Anyone planning to take this exam should take advantage of the Common Core Math Grade 3 review material practice test questions and test taking strategies contained in this Test Prep Books study guide

Year 7 Mathematics Revision & Exam Workbook 2 - Extension A. S. Kalra,2002 This book is suitable for students studying Year 7 Mathematics who want to extend their abilities The book has been specifically designed to help students revise the harder topics in the Year 7 course and prepare for success in all their class tests half yearly and yearly exams In Excel Mathematics Revision Exam Workbook 2 Year 7 you will find extension topics covering the complete Year 7 course based on the new Mathematics syllabus over 100 pages of practice exercises topic tests and practice exams answers to all questions Also available is Mathematics Revision Exam Workbook 1 Year 7 Author A S Kalra

Praxis Core Math Study Guide Exam Sam,2015-04-05 Exam SAM's Praxis Core Math Study Guide with Mathematics Workbook and Practice Tests Academic Skills for Educators 5732 book helps you learn the methods and formulas that you need to answer all of the types of questions on the Praxis Core Math Test The book contains 168 Praxis Core Math practice problems with answers and step by step explanations and solutions All of the questions are like those you will see on the actual Praxis test Practice Test 1 is in workbook format with exam tips formulas explanations and solutions after each question You can refer back to the formulas and explanations in the workbook section of the study guide as you complete the remaining practice tests in the book The practice tests cover the same skill areas as the actual exam so each practice test has 17 number and quantity questions 17 algebra and function questions 11 geometry questions 11 statistics and probability questions Please visit Exam SAM at www.examsam.com

Non-calculator Mathematics Workbook Allyn Jones,1999

Practice Makes Perfect Basic Math Review and Workbook, Second Edition Carolyn Wheeler,2019-01-07 This all in one study guide delivers all the review and practice you need to master math basics Whether you're starting from scratch or refreshing your math skills this accessible guide will help you develop a better understanding of math Offering concise coverage of all math basics the book is packed with clear easy to grasp review material Hundreds of practice exercises increase your grasp of math concepts and help you retain what you have learned The book features New lessons on transformations and an expanded look at fractions and decimals Concise review material that clearly explains math fundamentals Hundreds of practice exercises to build your problem solving confidence

Study Guide Workbooks Math Introduction

In today's digital age, the availability of Study Guide Workbooks Math books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Study Guide Workbooks Math books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Study Guide Workbooks Math books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Study Guide Workbooks Math versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Study Guide Workbooks Math books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Study Guide Workbooks Math books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Study Guide Workbooks Math books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to

borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Study Guide Workbooks Math books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Study Guide Workbooks Math books and manuals for download and embark on your journey of knowledge?

FAQs About Study Guide Workbooks Math Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Study Guide Workbooks Math is one of the best book in our library for free trial. We provide copy of Study Guide Workbooks Math in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Study Guide Workbooks Math. Where to download Study Guide Workbooks Math online for free? Are you looking for Study Guide Workbooks Math PDF? This is definitely going to save you time and cash in something you should think about.
