The Sartorialist: MAN Scott Schuman,2020-09-08 The Sartorialist Man Inspiration Every Man Wants Education Every Man Needs by renowned photographer fashion editor and social media sensation Scott Schuman is the definitive fashion primer celebrating the diversity of today's well dressed man Schuman's dynamic street photography captures the essence of style as seen through the lens of guys of all ages from around the globe Setting the new standard the book will be an invaluable resource

for men as they explore and hone their unique personal style. What I didn't want this book to be was a list of rules. But I do outline principles that will help you make confident decisions about your many sartorial choices, says Schuman in the book's introduction. The book begins with Dressing Your Body Type because when you know what fits your unique body the better you can pull off any look. In section one Clothing, Schuman delves into wardrobe basics with Elements, an illustrated glossary of everything from jackets and pants and collars and cuffs to outerwear and underwear. Also sprinkled throughout are Style Strategies explaining how stylish gentlemen do what they do so well and the Focus section is filled with tips on how to talk to a tailor, view the runway and discover inspiration from friends and colleagues. The second part of the book tackles everything you need to know about accessories whether to go socks or no socks and how to tie a tie, choose the right glasses or sunglasses and find the right shoe. Part three Maintenance Sustainability is filled with illustrated step by step instructions on how to care for, mend, fold, store and pack your clothes and footwear. Schuman even shares pointers on the how and why to invest in key pieces of your wardrobe, shop online or in person or buy vintage or new. Refreshing, contemporary and inspiring, this striking menswear tome will come to define today's essence of style. *The Sartorialist: Man* is about enjoying the freedom to explore what looks great on you and that perhaps is the ultimate chic.

The Philosophy Foundation: Provocations

David Birch, 2014-03-05 This book is ideal for teachers whether they are P4C trained or just experimenting with philosophy. It will help teachers to present ideas and stimulate discussions which both accommodate and engage adolescent appetites. Are human beings flawed? Is murder an act of insanity or just plain thoughtlessness? Do we need a soul? From the fall of Icarus to the rise of Caesar this practical book draws upon history, philosophy and literature to provoke students to think, question and wonder. Divided into chapters on The World, Self, Society and Others, this resource for secondary school is written to give teachers the means to listen rather than teach and to allow the ideas and thoughts of students to form the centre of the lesson. It raises questions on the nature of evil, belief in God, slavery, consumerism, utopia, the limits of freedom and a whole lot more. With a clear introductory outline on its use both in and out of the classroom, Provocations also contains tips and advice to help guide teachers to span the curriculum. Applicable to History, Geography, RS, Science, Art, English and Citizenship, it offers teachers of all subjects the opportunity to introduce a student centred approach to their lessons. There is also an extensive bibliography for those who wish to explore the topics in greater depth. Provocations is a set of philosophy sessions designed for secondary school and predicated on the pedagogical methods of The Philosophy Foundation. These sessions are mature, challenging and provocative, using history, literature, myth and the world today as their basis. Each session contains particular pedagogical tips and advice and suggestions as to how they can be effectively delivered.
