Nathaniel Hawthorne, 2020-03-22

The *Scarlet Letter* opens with a long preamble about how the book came to be written. The nameless narrator was the surveyor of the customhouse in Salem, Massachusetts. In the customhouse's attic, he discovered a number of documents among them a manuscript that was bundled with a scarlet gold embroidered patch of cloth in the shape of an A. The manuscript, the work of a past surveyor, detailed events that occurred some two hundred years before the narrator's time. When the narrator lost his customs post, he decided to write a fictional account of the events recorded in the manuscript. The *Scarlet Letter* is the final product. The story begins in seventeenth-century Boston, then a Puritan settlement. A young woman, Hester Prynne, is led from the town prison with her infant daughter Pearl in her arms and the scarlet letter A on her breast. A man in the crowd tells an elderly onlooker that Hester is being punished for adultery. Hester's husband, a scholar much older than she is, sent her ahead to America but he never arrived in Boston. The consensus is that he has been lost at sea. While waiting for her husband, Hester has apparently had an affair as she has given birth to a child. She will not reveal her lover's identity, however, and the scarlet letter along with her public shaming is her punishment for her sin and her secrecy. On this day, Hester is led to the town scaffold and harangued by the town fathers but she again refuses to identify her child's father. The elderly onlooker is Hester's missing husband who is now practicing medicine and calling himself Roger Chillingworth. He settles in Boston intent on revenge. He reveals his true identity to no one but Hester, whom he has sworn to secrecy. Several years pass. Hester supports herself by working as a seamstress and Pearl grows into a willful, impish child. Shunned by the community, they live in a small cottage on the outskirts of Boston. Community officials attempt to take Pearl away from Hester but with the help of Arthur Dimmesdale, a young and eloquent minister, the mother and daughter manage to stay together. Dimmesdale, however, appears to be wasting away and suffers from mysterious heart trouble seemingly caused by psychological distress. Chillingworth attaches himself to the ailing minister and eventually moves in with him so that he can provide his patient with round-the-clock care. Chillingworth also suspects that there may be a connection between the minister's torments and Hester's secret and he begins to test Dimmesdale to see what he can learn. One afternoon while the minister sleeps, Chillingworth discovers a mark on the man's breast, the details of which are kept from the reader, which convinces him that his suspicions are correct. Dimmesdale's psychological anguish deepens and he invents new tortures for himself. In the meantime, Hester's charitable deeds and quiet humility have earned her a reprieve from the scorn of the community. One night when Pearl is about seven years old, she and her mother are returning home from a visit to a deathbed when they encounter Dimmesdale atop the town scaffold, trying to punish himself for his sins. Hester and Pearl join him and the three link hands. Dimmesdale refuses Pearl's request that he acknowledge her publicly the next day.

Also, Hawthorne reveals symbolism in the scaffold where many of the important plot points take place.

**Censoring Culture** by Robert Atkins, Svetlana Mintcheva, 2006. If your idea of censorship is an anonymous bureaucrat in a government office exercising prudish control over offensive art and speech, wake up and smell the conglomeration. Censorship today is just as likely to be the result of a market force or a bandwidth monopoly as a line edit or the covering of a nude sculpture. The current system of new technologies and economic arrangements has subtly built in mechanisms for suppressing free expression as powerful as any known in other centuries. In *Censoring Culture*, the nationally known author of the *ArtSpeak* books and the head of the National Coalition Against Censorship's Arts Program, brings together the latest thinking from art historians, cultural theorists, legal scholars, and psychoanalysts, as well as first-person accounts by artists and advocates, to give us a comprehensive understanding of censorship in a new century.
