The Secret Of The Second Coming:

The Secret Second Coming Patricia Doyle, 2020-06-02 What if we had writings directly from Jesus The Secret Second Coming is a journey into the discovery of one of the most incredible events of our time A little known event that according to Jesus himself represents his second coming In the early part of the twentieth century writings claiming to be by Jesus were received through psicografica Brazilian for spirit to mortal written communications The mortal was James Padgett a Washington D C attorney and Methodist Sunday school teacher in his senior years These messages are introduced in The Secret Second Coming and their authority is thoroughly examined especially in relation to the authority of the New Testament How do we know whether or not these messages from Jesus are real What makes them different from other channeled material What are the criteria for judging and who decides What are the origins of Biblical resistance to communication with deceased spirits Where does true spiritual authority come from and how do you recognize it In addition to answering these questions The Secret Second Coming reveals convincing evidence of life after death by scientists and lawyers that profound knowledge can come from paranormal states of consciousness that we can communicate with our loved ones who have passed and that we can establish a personal relationship with a loving God In The Secret Second Coming the author combines extensive academic research with personal stories of the four events which uniquely qualify her to write this book an NDE that converted her agnosticism into non religious unshakable faith in God and three profound encounters with Jesus inviting her to participate in the revealing of his second coming It is beyond doubt that spirits and mortals communicate and that spirits know just what mortals are doing on earth and how to influence them in their loves and actions Jesus III 83
