## **The Shores Of Bountiful:**

Where in the Americas Are the Lands of the Book of Mormon? Eldon V. Guymon, 2018-06-20 The Book of Mormon was published in 1830 This book tells us that Lehi and his family sailed from the coast of Arabia after 600 BC Supposedly Lehi landed in Peru and his descendants colonized Columbia and later moved northward through a narrow pass The Isthmus of Panama has been assumed to be the narrow pass The land to the north of Panama was supposed to be the land of Desolation Warfare was common between two groups Nephites and Lamanites Roughly AD 400 the Lamanites destroyed the Nephites at the Hill Cumorah which is said to be in New York USA Historic church leaders are quoted to support the historic theories However the church today has no position on the location of the lands in question so one may choose for himself where the lands were located Quoting historic church leaders proves nothing Scientists associated with the historic Archaeological Department of Brigham Young University have presented Mesoamerica as the lands of the book Mormon told us that the river Sidon ran north to the sea 1981 B of M Index p 730 The Mississippi runs south and is not the river Sidon Mormon also told us that the people of Zarahemla Mulekites crossed a salt ocean landing at the land of Desolation Hence the land of Desolation bordered a salt ocean Alma 22 30 and 63 5 These facts discount several theories including the heartland theory and great lakes theories However historians quote early church leaders as prophets and continue to hold to traditional beliefs The Book of Mormon is the position of the Church of Jesus Christ of Latter day Saints The lands in question must fit with this book regardless of traditions The book fits in Mesoamerica Because people in 1830 had little or no knowledge of the cultures of Mesoamerica Joseph Smith could not have stolen the book from other authors and the early Mormons could not have written the book Read Where in the Americas are the Lands of the Book of Mormon to find out what the Book of Mormon tells us about the lands in question

**The Shores of Bountiful** Ms. Loralee Evans, 2013-09 Elizabeth is devastated when Lamanites attack Zarahemla and her betrothed is killed in battle Her friend Joshua whom she has known since childhood is equally crushed both by the anguish he shares with Elizabeth as well as his own guilt that he could not save the man she loved But together the two find comfort in their shared grief Shemnon a Lamanite is a man with many years and many scars both inside and out Despite his hatred of what he believes the Nephites to be he is not without honor and his heart not without compassion When he meets Elizabeth he can't say why she seems so familiar or why her eyes seem so much like those of the daughter he lost years ago Elizabeth does not know how she remembers the old Lamanite either for she knows she has never met him in her life Neither does she fully understand her changing feelings for Joshua as the wounds upon her heart slowly heal and the caring between them gradually develops into something deeper But before Elizabeth and Joshua can come to an understanding of what their friendship has become a new danger threatens their people This time from within the walls of Zarahemla itself causing even more troubles for Elizabeth and Joshua and those they hold dear threatening to destroy everything that matters to them
