## **The Schirmer Inheritance:**

*The Schirmer Inheritance* Eric Ambler, 2003-12-02 It wasn't anyone's idea of a glamorous first assignment at a white shoe law firm. George Cary, former WWII bomber pilot and newly minted lawyer, was given the ignoble task of going through the tons of files on the Schneider Johnson case just to make sure nothing had been overlooked. But as luck would have it, George did discover something among the false claims and dead end leads that made this into more than just another missing heir to a vast fortune case. And what he found would connect a deserter from Napoleon's defeated army to a guerrilla fighter in post-war Greece and lead Cary himself into a dangerous situation where his own survival will depend more on what he learned in the army than anything he learned in law school.

**The Schirmer Inheritance** Eric Ambler, 1973 **The Schirmer Inheritance** Eric Ambler, 2023-10-03 A lawyer unearths deadly secrets reaching back to the Napoleonic era in this masterful contribution to the literature of international dirty work. The New Yorker. Former WWII bomber pilot George Cary has a promising postwar career ahead of him as a newly minted lawyer, though his first assignment at his prestigious Philadelphia law firm isn't exactly glamorous. He's been tasked with going through the copious dusty files on the Schneider Johnson case in which the search for an heir to a family fortune yielded no results. When Cary discovers something despite the dead ends and false claims, it leads him to Europe where he begins to unravel a twisting secret history. Soon Cary is drawing connections between a deserter from Napoleon's defeated army to a guerrilla fighter in post-war Greece. Determined to pursue the whole truth, Cary finds himself in a dangerous situation where survival depends more on his military experience than anything he learned in law school. *Schirmer Inheritance* Eric Ambler, 1977 *The Schirmer Inheritance*, 1953

**The Special Branch** LeRoy Panek, 1981 The author has chosen seventeen of the most important or representative British spy novelists to write about. He presents some basic literary analysis and criticism, trying both to place them in historical perspective and to describe and analyze the content and form of their fiction. **Eric Ambler's Novels** Robert Lance Snyder, 2019-12-30 Eric Ambler's first six novels, released between 1936 and 1940, quickly established his reputation as a master craftsman of intrigue and espionage narratives. Far less often discussed are the twelve Cold War novels he published after an eleven-year hiatus as a screenwriter between 1951 and 1981. This study argues that his entire corpus manifests late modernism's impulse toward a broadly social, political, and cultural critique of the times. Ambler's fiction from the mid-1950s onward is also remarkable for its ludic turn as he assesses the self-deceptions of an increasingly bureaucratized and media-focused world blind to its own follies. In these later works, can be seen elements of what has come to be known as postmodernism, though in his commitment to chronicling the juggernaut of modernity, he remains a uniquely independent witness of what is now being called the long twentieth century. *Princeton Alumni Weekly*, 1953 **Eric Ambler** Ronald J. Ambrosetti, 1994 Twayne's United States Authors, English Authors, and World Authors Series present concise critical introductions to great writers and their works. Devoted to critical interpretation and discussion of an author's
