The Basic Ideas of Science of Mind Ernest Holmes, 2025-06-03 A brief account of the Science of Mind by the man who formulated it Ernest Holmes has condensed the wisdom of his classic Science of Mind into this warm yet penetrating statement The Science of Mind is the study of Life and the nature of the laws of thought in a spiritual Universe This philosophy believes there is One Infinite Mind that includes all there is whether it be human intelligence or the invisible Presence of God and is built upon the premise that we are living in a spiritual universe whose sole government is one of harmony where the use of right ideas is the enforcement of its law In 1927 a teacher writer and lecturer by the name of Ernest Holmes defined and established the Science of Mind philosophy by uncovering a clear and simple method he discovered while researching the wisdom of the ages from many disciplines This newfound practical and spiritual approach to living an abundant life evolved into what is now the Science of Mind Textbook which has been the cornerstone to Religious Science churches and Centers for Spiritual Living around the world Over the course of his life the textbook became a beacon of light to millions of readers and followers but to others the 600 page tom presented itself as an obstacle to beginners simply because of its intimidating size In what turned out to be one of his last books before his death in 1960 Holmes published this introduction after its initial release as an article in the Science of Mind Magazine to help individuals easily understand the concepts before taking the first steps of their new spiritual journey

How to Use the Science of Mind Ernest Holmes, 1984-12 Everything You Need to Know about How to Use One of Today s Most Powerful Philosophies We go in search of that which we already possess but are not using So says Ernest Holmes author of THE SCIENCE OF MIND and founder of the philosophy of Religious Science God is not far away but is within ourselves other people and everywhere present Why then do we fall prey to unwanted conditions illness financial lack relationship difficulties loneliness and problems of every kind Written as a manual for the practical applications of the principles set forth in The Science of Mind this book takes the original philosophy of change your thinking change your life and explains a clear and definite scientific method of prayer that can help you overcome life s obstacles

Change Your Thinking, Change Your Life Ernest Holmes, 1984 You are about

to start on the most interesting quest the human mind has ever made the discovery of the Life Principle the way It works and your relationship to It You are about to make the greatest discovery of your life which is how to use the Creative Power of your thought for definite purposes purposes which will benefit you your family and your friends You are about to engage in a study of the Science of Mind which deals with a Principle and a Power in the universe as immediate as your own breath Of necessity such a study to which you must give your complete attention something that you just enthusiastically enter into All the while it will be something that brings a daily satisfaction a sense of well being and the gratification of knowing that you are in harmony with the Power that creates and sustains everything
