Department of the Treasury provides the first book length comprehensive analysis of the legal regime that evolved following the terrorist attacks The book begins with a discussion of how shutting down the pipelines of funding is as important as dismantling the terrorist cells themselves Next the book covers the various means and methods used by terrorist groups to raise money and examines how money is transferred globally to finance their lethal activities The principal components of the legal strategy to disrupt the financing of terrorism are then discussed and evaluated Unfortunately the author concludes that the legal regime has met with mixed results and finds that the sense of urgency to deprive terrorists of funding that existed following 9 11 has since dissipated As a result international efforts to freeze terrorist assets have dramatically declined Moreover the US Department of Justice has suffered several embarrassing and disappointing legal defeats in prosecuting major terrorist financiers The author provides numerous recommendations to Congress the Executive Branch and the UN Security Council for strengthening the legal regime to deny terrorists the money needed to wage global jihad acquire weapons of mass destruction and launch another terrorist attack on the scale of 9 11 Unfunding Terror fills an important gap in the literature and will be essential reading for counter terrorism experts law enforcement and national security

***The Search for Al Qaeda*** Bruce Riedel, 2008-08-22 Al Qaeda is the most dangerous terrorist movement in history Yet most people in the Americas and Europe know very little about it or their view is clouded by misperceptions and half truths If the first rule of war is to know your enemy then we have a long way to go This important book fills this gap with a comprehensive analysis of al Qaeda the origins leadership ideology and strategy of the terrorist network that brought down the Twin Towers and continues to threaten us today Bruce Riedel is an expert on the Middle East and South Asia with thirty years of intelligence and policymaking experience He was actually in the White House Situation Room during the 9 11 attacks serving as special assistant to the

president and National Security Council senior director for Near East Affairs He draws on this insider experience in profiling the four most important figures in the al Qaeda movement Osama bin Laden its creator and charismatic leader ideologue Ayman Zawahiri its Egyptian coleader and principal spokesman Abu Musaib al Zarqawi leader of al Qaeda in Iraq until his death in 2006 and Mullah Omar its Taliban host These profiles provide the base from which Riedel delivers a much clearer understanding of al Qaeda and what must be done to counter it The Search for al Qaeda reviews how al Qaeda was created and developed presenting authoritative and chilling background on The Manhattan Raid but Riedel focuses more closely on what has happened to it since that awful day He outlines al Qaeda s ultimate goals which are to drive America out of the Muslim world to destroy Israel and to create a jihadist caliphate larger than the Ottoman Empire at its height The profiles and subsequent analysis reveal the network s multipronged strategy for accomplishing those goals Draw America into bleeding wars like the one that drove the Soviets from Afghanistan Build a safe haven for al Qaeda in Pakistan Develop other franchises in the Islamic world that can overthrow pro American regimes Conduct more Western attacks along the lines of 9 11 or the transit bombings in Madrid and London The book concludes with a strategy for dealing with and defeating this most dangerous menace

The Secret History Of Al-Qa'ida Abdel Bari Atwan,2009-01-01 Over the last ten years journalist and al Qa ida expert Abdel Ban Atwan has cultivated uniquely well placed sources and amassed a wealth of information about al Qa ida s origins masterminds and plans for the future Atwan reveals how al Qa ida s radical departure from the classic terrorist guerrilla blueprint has enabled it to outpace less adaptable efforts to neutralize it The fanaticism of its fighters and their willingness to kill and be killed are matched by the leadership s opportunistic recruitment strategies and sophisticated understanding of psychology media and new technology including the use of the Internet for training support and communications Atwan shows that far from committing acts of violence randomly and indiscriminately al Qa ida attacks targets according to a decisive design underwritten by unwavering patience He also argues that events in Iraq and Saudi Arabia are watershed moments in the group s evolution that are making it more dangerous by the day as it refines and appropriates the concept of jihad and makes the suicide bomber a permanent feature of a global holy war While Osama bin Laden and Ayman al Zawahiri remain al Qa ida s figureheads Atwan identifies a new kind of leader made possible by its horizontal chain of command epitomized by the brutal Abu Mus ab al Zarqawi in Iraq and the bombers of London Madrid Amman Bali and elsewhere

**A History of the End of the World** Jonathan Kirsch, 2009-10-13 The Book of Revelation has served as a language arsenal in a great many of the social cultural and political conflicts in Western history Again and again Revelation has stirred some dangerous men and women to act out their own private apocalypses Above all the moral calculus of Revelation the demonization of one s enemies the sanctification of revenge taking and the notion that history must end in catastrophe can be detected in some of the worst atrocities and excesses of every age including our own For all of these reasons the rest of us ignore the book of Revelation only at our impoverishment and more to the point at our own peril The mysterious author of the Book of Revelation or the Apocalypse as the last book of the New Testament is also known never considered that his sermon on the impending end times would last beyond his own life In fact he predicted that the destruction of the earth would be witnessed by his contemporaries Yet Revelation not only outlived its creator this vivid and violent revenge fantasy has played a significant role in the march of Western civilization Ever since Revelation was first preached as the revealed word of Jesus Christ it has haunted and inspired hearers and readers alike The mark of the beast the Antichrist 666 the Whore of Babylon Armageddon and the Four Horsemen of the Apocalypse are just a few of the images phrases and codes that have burned their way into the fabric of our culture The questions raised go straight to the heart of the human fear of death and obsession with the afterlife Will we individually or collectively ride off to glory or will we drown in hellfire for all eternity As those who best manipulate this dark vision learned which side we fall on is often a matter of life or death Honed into a weapon in the ongoing culture wars between states religions and citizenry Revelation has significantly altered the course of history Kirsch whom the Washington Post calls a fine storyteller with a flair for rendering ancient tales relevant and appealing to modern audiences delivers a far ranging entertaining and shocking history of this scandalous book which was nearly cut from the

New Testament From the fall of the Roman Empire to the Black Death the Inquisition to the Protestant Reformation the New World to the rise of the Religious Right this chronicle of the use and abuse of the Book of Revelation tells the tale of the unfolding of history and the hopes fears dreams and nightmares of all humanity In the Name of National Security Louis Fisher, 2006 In light of the Bush administration's continued use of Reynolds to justify its post 9 11 claims to unilateral authority Fisher's work could not be more timely **BOOK JACKET** God's Assassins Gavin Baddeley, Paul Woods, 2009 Terrorism the imposition of or opposition to government with the threat or fear of force is mostly regarded as a modern horror implemented by bombs hijackings and assassinations But the origins of terrorism occur far back in the Middle Ages when the forefathers of the modern world's most uncompromising terrorists al Qaeda and the Palestinian suicide bombers laid down their murderous creed In the 11th Century Europe was a region of feudal kingdoms at war while the Middle East was much more pluralistic placing less theological restrictions on the lives of individuals or the pursuit of knowledge It was against this liberal environment that Pope Urban II launched his own version of a jihad a holy war against the decadent unholy Islamic world The reaction in the Islamic world was one of increasing fury and we continue to reap its consequences centuries later Islam would become increasingly militant as Muslim sects that preached intolerance and force gained ground One such heretical sect was the Nizaris a mystical order of warriors founded by a Persian named Hassan Bin Sabah later known in the West as the Assassins Hassan inspired fanatical loyalty in his followers and Assassin cultists were unafraid of capture and death According to tales brought back to Europe by Marco Polo in 1295 the Old Man of the Mountains fed his followers with hashish before taking them to a secluded garden where they were indulged with forbidden pleasures principally the sexual favours of young women On returning to normal consciousness the Assassin was told he had experienced the heavenly garden of Paradise and would spend all eternity there provided he lived in the service of the cult Assassin cultists would therefore infiltrate enemy courts and army camps reputedly remaining incognito for years ready to commit murder upon their master's signal It was the birth of strategic terrorism In modern times the legend of the Assassins carries a more symbolic significance Some intellectuals have drawn a parallel between Hassan Bin Sabah's maxim Nothing is true everything is permissible describing the dream trance of the hashish eater and the 1950s concept of brainwashing the belief in turning soldiers into sleeping assassins Most chilling however is the Islamic fundamentalist belief in martyrdom through assassination High on nothing but piety the suicide bombers the followers of Osama Bin Laden and the September 11th terrorists were promised that which their puritan creed denies them on earth the sexual favours of the 72 houris virgins of heaven as a reward for he who kills in the name of Allah This illuminating study analyses the origins and history of terrorism separating legend from truth to uncover the true roots of the fanatical terrorist acts the world has witnessed in the last decade This will be essential reading for all historians and for anyone who up until now may have thought that outrageous acts of terrorism causing untold civilian casualties was a curse of the modern age **Bush, the Detainees, and**
