*The Seeds of New Earth (the Silent Earth, Book 2)* Mark R. Healy, 2014-12-17 The Earth is in ruins Cities and nations destroyed Mankind is extinct Brant and Arsha are synthetics machines made in the image of people They dream of bringing humans back into the world and have the technology to succeed but the obstacles in their way are mounting Not only are their own conflicting ideals creating a rift between them but now the sinister Marauders are closing in as they seek revenge on Brant Out in the wasteland strange lights and mysterious objects in the sky herald the arrival of new factions that seek to control the region Even in the once quiet streets of their own city malevolent forces are beginning to unfurl that threaten the sanctity of everything they hold dear jeopardising the future that is within their grasp The Silent Earth Series Book 1 After the Winter amazon com dp B00P02FBPM

**In Defence of Home Places** Mark R. Leeming, 2017-06-07 As environmental deterioration became a major political issue near the end of the twentieth century activists in Nova Scotia stood together to defend the places they called home They cooperated to protect local environments and economies but they disagreed about the causes of environmental problems the role of humanity in nature and the place of environmentalists in the political process In Defence of Home Places examines the diversity of environmental activism in Nova Scotia illustrating how radicals and conservatives combined efforts to achieve early legislative and social success It also chronicles the debates and disagreements over fundamental principles that then weakened and divided the powerful environmental movement Placing the evolution of Nova Scotian environmental activism within a broader theoretical framework Mark R Leeming considers its development in national and international contexts examining the environmental movement itself along with the choices and tactics that brought about its greatest successes and failures

**Nature, Culture and Gender** P. Mary Vidya Porselvi, 2016-04-20 Folktales in India have been told heard read and celebrated for many centuries In breaking new ground Indian folktales have been reread and examined in the light of the Mother Earth discourse as it manifests in the lifeworlds of women nature and language The book introduces ecofeminist criticism and situates it within an innovative folktale typology to connect women and environment through folklore The book proposes an innovative paradigm inspired by the beehive to analyze motifs relationships concerns worldviews and consciousness of indigenous women and men who live close to nature as well as other socially marginalized groups In the current global context fraught with challenges for ecology and hopes for sustainable
