Shakespeare Authorship Question Keir Cutler,2013-03-16 The Shakespeare Authorship Question A Crackpot s View is a quick fun read that will leave you wondering why schools and colleges aren t teaching both sides of the Shakespeare story Author and performer Keir Cutler is a crackpot More accurately he has a psychological aberration He is also ignorant a snob and a publicity hound He has a poor sense of logic refuses to accept evidence and is possibly certifiably mad Who calls him and people like him by those terms The Shakespeare Birth Trust in Stratford upon Avon England Why Because he questions whether the man from Stratford wrote the famous plays and poems And even crazier he contends that to many teachers and professors Shakespeare has become a religion and most schools would no more question Shakespeare s authorship than the Vatican would question Jesus Christ s divinity There exists an impressive army of crackpots who doubt the traditional story of Shakespeare Mark Twain Sigmund Freud James Joyce Orson Welles John Gielgud Derek Jacobi Michael York Vanessa Redgrave Jeremy Irons Mark Rylance former U S Supreme Court Justices John Paul Stevens and Sandra Day O Connor and the great writer and critic Henry James who wrote I am haunted by the conviction that the divine William is the biggest and most successful fraud Whether the man from Stratford did or did not write the famous plays and poems all students have a right to know as Smithsonian Magazine has stated There are no original manuscripts Not so much as a couplet written in Shakespeare s own hand has been proven to exist In fact there s no hard evidence that Will Shakespeare of Stratford upon Avon 1564 1616 revered as the greatest author in the English language could even write a complete sentence A Crackpot s View is one man s attempt to bring critical thinking to an important subject Strange that one has to be a crackpot to do it This work is an absolute must for all lovers of Shakespeare and believers in critical thinking [www.keircutler.com](http://www.keircutler.com)

or indeed of interest only to conspiracy theorists Yet many academics find the Authorship question interesting and worthy of analysis in theoretical and philosophical terms This collection brings together leading literary and cultural critics to explore the Authorship question as a social cultural and even theological phenomenon and consider it in all its rich diversity and significance

**Shakespeare's Unorthodox Biography** Diana Price,2001 It successfully argues that William Shakespeare was the pen name of an aristocrat and that William Shakespeare of Stratford upon Avon was a shrewd entrepreneur not a dramatist

**BOOK JACKET** **Shadow Pasts** William D. Rubinstein,2014-09-11 For many intelligent people the stuff of history does not consist of the kind of dry as dust investigations of diplomatic economic or political history that most university historians research and write about but the famous topics of historys mysteries who was Jack the Ripper Was there a conspiracy to kill President Kennedy Did Richard III murder the Princes in the Tower What are the mysteries of the ancient Pyramids Not only have a great many books and articles been written on these and similar topics by so called amateur historians but they have generated societies conferences newsletters and television programmes Many people who are not academic historians take a keen interest in these topics and have in some cases made themselves real experts on them with interesting theories of their own Despite all of this however these topics are virtually ignored by academic historians and can be treated with contempt In Shadow Pasts William D Rubinstein a well known and widely published history professor examines seven of the most famous and interesting topics which have been discussed debated examined and written about by amateur historians Each of these mysteries and the theories surrounding them are examined in detail with Professor Rubinstein presenting his own original and sometimes surprising conclusions about what really happened

**Shakespeare's Authorship Question. A Short Input to a Long Discussion** Lore Li,2015-06-30 Pre University Paper from the year 2015 in the subject English Language and Literature Studies Literature grade 15 NP language English abstract William Shakespeare was born in 1564 and died in 1616 in Stratford upon Avon farther writing plays like Romeo and Juliet Othello Macbeth A Midsummer Night s Dream and others He was a brilliant playwright creating nearly 40 productions and 154 sonnets while dwelling in London This is at least the majority opinion taught in schools There is however reason for doubt While dealing a bit deeper with Shakespeare you unavoidably will come to the point that opinions differ in the question if he truly was who he pretended to be Imagine the magnificent bard was not the author of all the dramas comedies history plays and poems Or could it be possible that this famous name was just a pseudonym And if it was then the question is why Which clues for and against are existing In the English lessons we learned the prevailing aspects along with the common view about the grand composer and his plays After a rough contribution into the authorship debate more questions emerged and the foundation of this term paper was laid To come to one of many answers this work will be structured at first in a short biography of Shakespeare and an overview of his time concerning the theatre and authorship in general Afterwards I would like to explore positions that assume Shakespeare not to be the man who is thought to be the drafter Shakespeare On the other hand also

the opposing view will be presented and explained To forge an own profound opinion it is significant to have a review about this complex of themes A detailed presentation of my own view regarding arguments for and against Shakespeare from Stratford as the writer will be followed by a final synopsis and prospect of the issue So the focus in this work is more on investigate the Stratford man than on other theories even though these will come up for discussion Because of their multifacetedness it would go beyond the scopes of this term paper

Dorothy Ogburn Hank Whittemore Mark Twain John Thomas Looney Charlton Ogburn Jr Elisabeth Sears Paul Streitz John Hamill and others Four Essays on the Shakespeare Authorship Question is both a primer on the authorship question and a sophisticated treatise on the Prince Tudor theory In teasing out the evidence for de Vere's true relationship to Queen Elizabeth A Dair offers a new theory on his parentage In postulating a romantic love relationship between de Vere and his son Henry Wriothesley the Third Earl of Southampton A Dair may have illuminated the most shocking truth of all about the greatest poet in the English language **The Shakespeare Authorship Question** Craig Huston,1978 **Phoenix Rising**

Donald G. Lett,Donald G Lett Jr,2008-02 In an age when the supply of gasoline to feed this modern American society has become both more expensive and more scarce questions are being pondered Inquires like How can a modern society scale back its dependence on gasoline as a motive source Are there genuine alternative power sources Are they the answer to a growing crisis Recent announcements of hybrids like those from Honda Toyota and Ford have really brought attention to this issue Hybrids that use both gasoline engines and electric motors Really though alternative power sources have been around for as long as the automobile has been The battle between and among the steam car the electric and the gas car was fought out in the first couple of decades of the twentieth century This book explores the ins and outs of that battle A struggle from which the gasoline car emerged completely victorious To such an extent that steam cars and electric cars virtually disappeared from the scene for many decades We will look over all three alternatives exploring their advantages and disadvantages We will also look over the obstacles to the steamers and the electrics Barriers that still exist to a certain extent Handicaps that caused their disappearance in the first place **Local Government Review** ,1973 *The Shakespeare*

*Authorship Question and Philosophy* Michael Quinn Dudley,2023-10-17 For nearly 200 years people have questioned the identity of Shakespeare however this debate is often dismissed by most scholars as just a conspiracy theory with the life of the poet playwright being beyond doubt And yet the documented facts related to the man from Stratford are meagre where they exist at all forcing biographers to rely heavily on their own imaginations What does it mean to say that the traditional stance on Shakespeare's authorship is a belief as opposed to a search for knowledge What are the ethical implications of declaring that some history is beyond doubt and that no debate about it may be permitted What can theories of knowledge truth and rhetoric tell us about how knowledge of Shakespeare has been constructed and justified To the extent that this belief has consequences for society can it then be said to be an ethical one Finally what difference does it actually make from a pragmatic perspective who the Author was Highly original in its scope The Shakespeare Authorship Question and Philosophy sets out the debate's many profound philosophical dimensions concerning knowledge historiography truth and academic freedom implications that transcend the debate itself **The Case for Shakespeare** Scott McCrea,2005-01-30 Demonstrates that William Shakespeare of Stratford upon Avon really did write the plays and poems attributed to him via a literary forensics case that puts all other authorship theories to rest **Carolina Israelite** ,1963 Best Articles & Stories
