potentates Robert Aldrich,2017-12-27 Though the overthrow and exile of Napoleon in 1815 is a familiar episode in modern history it is not well known that just a few months later British colonisers toppled and banished the last king in Ceylon Beginning with that case this volume examines the deposition and exile of indigenous monarchs by the British and French with examples in India Burma Malaysia Vietnam Madagascar Tunisia and Morocco from the early nineteenth century down to the eve of decolonisation It argues that removal of native sovereigns and sometimes abolition of dynasties provided a powerful strategy used by colonisers though European overlords were seldom capable of quelling resistance in the conquered countries or of effacing the memory of local monarchies and the legacies they left behind Magic and Divination in Malay Illustrated Manuscripts Farouk Yahya,2015-10-27 This book offers an integrated study of the texts and images of illustrated Malay manuscripts on magic and divination from private and public collections in Malaysia the UK and Indonesia Containing some of the rare examples of Malay painting these manuscripts provide direct evidence for the
