

THE SINS OF THE CITIES OF THE PLAIN

Edited with a new introduction
by Wolfram Setz

VALANCOURT BOOKS

The Sins Of The Cities Of The Plain Valancourt Classics

**John Scott, Christian Grov, Victor
Minichiello**

The Sins Of The Cities Of The Plain Valancourt Classics:

The Sins of the Cities of the Plain Bram Stoker, Jack Saul, Wolfram Setz, 2012-08-01 Jack Saul is a handsome young man in London who has found his body to be his best asset and makes his way through life as a prostitute One day Jack is picked up by a male customer in Leicester Square and after their encounter the man offers to pay Jack for a written account of his experiences What follows is *The Sins of the Cities of the Plain* a narrative tracing in explicit detail the development of Jack's vices as he progresses from boarding school and into young adulthood amidst London's thriving but clandestine gay underworld Featuring a mixture of fact and fiction and incorporating real life personages involved in the Cleveland Street Scandal the Oscar Wilde trials and other infamous legal proceedings of the period *The Sins of the Cities of the Plain* was one of the first and frankest works on homosexuality in Victorian England Read by Oscar Wilde and an influence on the more famous gay erotic novel *Teleny* 1893 *The Sins of the Cities of the Plain* was privately printed in two volumes in 1881 and is completely unobtainable today This new edition contains the unabridged text of the first edition housed at the British Library together with a new introduction by Wolfram Setz and a facsimile reproduction of the original volumes title pages Although two previous modern editions have been published under this title they are severely altered and rewritten versions of the story this edition marks the first complete reprinting of the original text [Classics in Extremis](#) Edmund

Richardson, 2018-12-13 *Classics in Extremis* reimagines classical reception Its contributors explore some of the most remarkable hard fought and unsettling claims ever made on the ancient world from the coal mines of England to the paradoxes of Borges from Victorian sexuality to the trenches of the First World War from American public school classrooms to contemporary right wing politics How does the reception of the ancient world change under impossible strain Its protagonists are marginal figures who resisted that definition in the strongest terms Contributors argue for a decentered model of classical reception where the marginal shapes the central as much as vice versa and where the most unlikely appropriations of antiquity often have the greatest impact What kind of distortions does the model of centre and margins produce How can marginal receptions be recovered most effectively Bringing together some of the leading scholars in the field *Classics in Extremis* moves beyond individual case studies to develop fresh methodologies and perspectives on the study of classical reception

Sounding Bodies Shannon Draucker, 2024-07-01 Can the concert hall be as erotic as the bedroom Many Victorian writers believed so In the mid nineteenth century acoustical scientists such as Hermann von Helmholtz and John Tyndall described music as a set of physical vibrations that tickled the ear excited the nerves and precipitated muscular convulsions In turn writers from canonical figures such as George Eliot and Thomas Hardy to New Women novelists like Sarah Grand and Bertha Thomas to anonymous authors of underground pornography depicted bodily sensations and experiences in unusually explicit ways These writers used scenes of music listening and performance to intervene in urgent conversations about gender and sexuality and explore issues of agency pleasure violence desire and kinship *Sounding Bodies*

shows how both classical music and Victorian literature while often considered bastions of conservatism and repression represented powerful sites for feminist and queer politics The Routledge Handbook of Male Sex Work, Culture, and Society John Scott, Christian Grov, Victor Minichiello, 2021-03-20 Panoramic and provocative in its scope this handbook is the definitive guide to contemporary issues associated with male sex work and a must read for those who study masculinities male sexuality sexual health and sexual cultures This groundbreaking volume will have a powerful impact on our understanding of this challenging elusive subject While the internet has brought the previously hidden worlds of male sex work more starkly into public view academic research has often remained locked into descriptions of male sex workers and their clients as perverse Drawing from a variety of regions the chapters provide insights into the historical popular cultural social and economic aspects of sex work as well as demographic patterns health outcomes and policy issues This approach shifts thought on male sex work from a hidden social problem to a publicly acknowledged social phenomenon The book challenges myths and reconceptualizes male sex work as a discrete field Importantly it provides a vehicle for the voices of male sex workers and new and established scholars This richly detailed humane and innovative collection retrieves male sex work from silence and invisibility on the one hand and its association with scandal and stigma on the other The findings within have profound implications for how governments approach public health and regulation of the sex industry and for how society can make sense of the complexities of human sexualities A compelling scholarly read and a major contribution to a commercial sector that is often neglected in policy debates on sex work this handbook will be of great interest to scholars of criminology sociology gender studies and cultural studies and all those interested in male sex work *The Waltzing Body in Victorian Literature* Sabrina Gilchrist Hadyk, 2025-03-27 *The Waltzing Body in Victorian Literature* Narratives of Sexuality and Power traces the evolution of the waltz from a taboo dance in the early nineteenth century to a gracefully nostalgic practice that must be preserved by the century's end While Sabrina Gilchrist Hadyk references eighteenth century authors to frame the waltz's initial reception in England the study focuses primarily on Victorian authors who shaped how and why this dance was paradoxically viewed as elegant effeminate and sterile Hadyk explores female sexuality and the concept of choice in the ballroom a shifting and sometimes contradictory understanding of masculinity through male performance the erasure of and reclamation of queer desire in heterosexual courting spaces and the rhetoric of new technologies that attempted to contain shape and memorialize a temporal art form A brief epilogue considers how late Victorian and heavily sanitized and romanticized depictions of the waltz reverberate today in popular films and reality TV which perpetuate Victorian assumptions about class gender sexuality and more By understanding the history of the waltz the reader is invited to examine the dizzying discomfort that many Victorians expressed about forging ahead into a modern and modernizing world particularly at the turn of the century With comparatively little scholarship around understanding dance scenes and dance semiotics in literature this book articulates a new interpretive path for familiar and unfamiliar nineteenth century narratives

offering new ways of understanding and engaging with the role and culture of dance
Etc SINS.,1881

The Sins of the Cities of the Plain.
