Soul Work Confessions Of A Part Time Monk:

Soul Work Randy Harris, 2011 Sharing experiences and insights from his visits to monasteries over the years popular speaker and university professor Randy Harris invites us into a richer fuller life in the Spirit Today there is a new hunger in the Christian community to live out radical and authentic faith in Christ The days of easy answers and sound bite Christianity are fading Where do you go to find such faith being lived out Randy Harris popular college teacher and well known preacher turned to monasteries and hermits in his search for answers When I decided I wanted to learn how to pray he explains I sought those who had spent their lives praying When I wanted to learn to be still and know that he is God I sought those for whom silence is a way of life As I sought stability and balance I found a way of life that has endured for 1500 years I didn't exactly want to become a monk or hermit but I did want to learn what they know and it has become a life changing journey Most of us don't have time to visit a monastery or a hermit's retreat for a week or a month So Randy Harris shows how the monastery can come to us With wisdom gentle humor and captivating insight Harris guides us on an unforgettable spiritual journey into a hidden world that very few will ever experience You will learn prayer humility surrender and quietness along this well traveled path And you may find yourself becoming a radical Jesus follower

Finding the Monk Within Edward C. Sellner, 2008 Finding the Monk Within is written with the conviction that lying deep within every person and underlying much of contemporary western and eastern cultures is an ancient memory a vital archetypal energy related to monasticism and its spirituality This book recovers that monastic memory the living presence of the past for those who desire to name and incorporate monastic values values of solitude and silence faith and compassion friendship and mentoring contemplation and leadership itself The author examines the social and religious dimensions in the fourth century that gave rise to monasticism then looks at Christian leaders from late antiquity to the medieval period associated with monasticism in both East and West who have much to teach about monastic values and their relevance for today among them Antony the first monk Augustine and Jerome John Cassian Brigit of Kildare and early Celtic monasticism Gregory the Great Benedict and Scholastica and finally Bernard of Clairvaux By studying the history of monasticism and its great heroes we come to realize that for the Christian much of what we call monastic is purely and simply what being a follower of Christ is all about and that being a monk whether inside monastic enclosures or outside
