formidable tasks that an individual faces today is to learn this simple truth That is life is a journey of self realization Getting thoughts create barriers that prohibit understanding An affected person is unconsciously misled to believe that the only reality that exists is the one experienced by the five senses As such spirituality is reduced to a mechanical affair where the soul is bound and heaven is perceived as being a distant place that is unexperienceable until after death The message contained in this book illuminates the idea heaven is a choice and it can be experienced NOW To claim this miracle for self it is necessary to re work the thoughts in the mind Those that create what is not wanted must be let go and as a mother bear protects her cub one must guard the thoughts allowed into the mind Taking personal responsibility is at the heart of this self work This personal revolution is a process Any courageous enough to claim it can expect to create the following intimate social relationships responsive political systems schools that teach children Who They Are and loving families
