## **Submissive Training Guide:**

Dom's Guide To Submissive Training Elizabeth Cramer,2013-11-22 A Dom sub relationship doesn't just happen. It is a finely crafted and designed system of expectations and joys. In order for you and your submissive lady to fit one another and create a lasting happy union, there must be a period of training. It does not matter if your sub has thirty years of experience in submission or just read 50 Shades of Grey and decided to try it herself. She will need to be trained for the best relationship to emerge. Dom's Guide to Submissive Training was specifically written for doms/masters. It is designed to provide you with a step-by-step blueprint on how to train your new sub. It goes from preparation all the way down to the closing ceremony, including advanced techniques/tips. Training can be one of the most exciting, challenging, and fun parts of the relationship. A well-trained sub will not only serve you in the capacity you deserve but will have built up the two most important elements in any BDSM relationship: trust and consistency. Following the instructions in this guide will allow you to show yourself as a worthy master who is in control, experienced, and able to guide you both to the best possible life. **Dom's Guide to**

**Submissive Training** Elizabeth Cramer,2013-12-06 There are two foundational pillars of a BDSM relationship between a Dom and a sub: consent and trust. Everything else in the relationship—the fun, the love, the discipline, the eroticism, the tears, and the journey—are all built on those standards. Both consent and trust require honest communication in order to thrive. The vast majority of that communication begins long before the training begins. In Dom's Guide to Submissive Training Vol 2, I listed 25 things you must know about your new sub if you want to create a satisfying relationship with a devoted submissive. It's not enough to just ask "What do you like?" or "Would you like to be my sub?" You need to know things about your sub that are deeper, more practical, and helpful. Without the knowledge of these 25 things, you may be able to create momentarily excitement, but it will surely turn into a frustrating short-term relationship headed for drama, disaster, and end. Following this guide allows your sub to communicate freely and provides a mechanism for her to reveal her true self, even if she doesn't have the words to do so. There are a million things subs want their Doms to know. These questions will help your sub tell you. **Submissive**

**Training** Elizabeth Cramer,2015-03-05 Nothing will prepare you for a life of submission in the same way as your formal training. Submissive training isn't just a good idea when it comes to creating a BDSM relationship. It is essential. Submissive Training 23 Things You Must Know About How To Be A Submissive is designed to help you know what to expect when you go through training with a new Dom. Every couple is unique, and every Dom may have different ways of teaching you the systems of service he prefers. However, these are the basics all trained subs and slaves learn and employ in daily life. Rushing into a relationship or service contract with a Dom without training puts the future of your time together at risk. All of the arguments, resistance, misunderstandings, and hurt feelings that go with a new submissive's experiences can be eradicated by a period designated for learning, listening, trial, and error. Even if you have been with a previous Dom, you will need to go through an abbreviated training time to ensure your patterns and understandings match one another. Training is a way to get in the same

**BDSM For Beginners** More Sex More Fun Book Club, 2023-03-26. Pain and pleasure, Punishment and reward. Is that what BDSM is all about? Adding just a small dose of BDSM lets you explore your kinky side in new ways. In this book you will learn how to live out your sexual desires, explore your sexual fantasies and experiment with pain and pleasure. Being the sub can be tricky at times. It involves a lot more than just laying there and obeying the Dom. To be prepared. This book gives you answers to some of the most common questions about the submissive role including: What does it mean to be a Sub? How to get started as a Sub? Tools and toys for Subs? Different types of Subs? Submissive mindset? Communication? Safewords? And much more. Are you ready to explore your kinky side and start your submissive training?

**Dom's Guide to BdsM** Matthew Larocco, 2015-10-14. Dom's guide to BDSM was specifically written for Doms/Masters. In Volume 2 of this series we're going to focus on how to better communicate with a sub and how to go back and forth with role playing. We're going to teach you how to express yourself, how to read your sub and look for cues and how to go about getting a real life BDSM relationship started. We're also going to discuss how to train your sub accordingly and with a purpose. This is important and is an often neglected part of the BDSM community. The highly sensationalized purely sexual relationships you read about or see depicted in TV or movies is not the only type of relationship forged. Some relationships really are all about personal missions, self improvement and getting in touch with suppressed inner feelings. We will cover this as well as the most important part of BDSM: dominance. Having a plan. You will learn how to be an excellent Dom and it all starts with a few simple steps.
