### **Class and Politics in Malaysian and Singaporean Nation**

**Building** Muhamad M. N. Nadzri, 2025-05-23 Nadzri explores a range of factors that have influenced nation building in Malaysia and Singapore with principal emphasis on the importance of social and economic class In contrast to previous studies on nation building which overwhelming rely on the explanatory power of culture race and ethnic community the book foregrounds the importance of social and economic status The three main themes explored in this book are how the nation building projected in each country is driven by the class interests of its ruling elites how elections have impacted the politics of nation building and how each country's nation building policies are designed to build political loyalty and support for the ruling elites The comparability of analytical outcomes using the prism of class interests uncovers the limitations of the explanatory power of race ethnic community and culture in understanding the social and political dynamics of the two countries A valuable read for scholars and students of politics in Malaysia and Singapore that will also be of interest to

scholars of comparative approaches to nation building      **Hotel & Catering Review** ,2010      *The Times Index, January -December 2012* ,2012      **Site Selection** ,2008      *EU Insight* ,2005      **The Complete Idiot's Guide to Facebook, 3rd Edition** Joe Kraynak,Mikal E.
