The Sinister Way The Sinister Way:

The Sinister Way Richard von Glahn,2004-04-20 The most striking feature of Wutong the preeminent God of Wealth in late imperial China was the deity's diabolical character Wutong was perceived not as a heroic figure or paragon of noble qualities but rather as an embodiment of humanity's basest vices greed and lust a maleficent demon who preyed on the weak and vulnerable In The Sinister Way Richard von Glahn examines the emergence and evolution of the Wutong cult within the larger framework of the historical development of Chinese popular or vernacular religion as opposed to institutional religions such as Buddhism or Daoism Von Glahn's study spanning three millennia gives due recognition to the morally ambivalent and demonic aspects of divine power within the common Chinese religious culture The Sinister Way Anton Long,Chretien Sauvage,2013-01-18 For the last four decades the Order of Nine Angles has offered its initiates a traditional system of occult and sinister training that is designed to create Adepts This system if correctly followed brings the initiate into contact with acausal energies and entities that are outside the realm of mundane experience This is not an easy process and not for the faint of heart This volume presents several of the texts related to pathworking and sinister esotericism from the Hostia volumes and adds to it the entire Sinister Tarot of ONA's Christos Beest *HOSTIA: Secret Teachings of Order of Nine Angles* Order of Nine Angles, A System of Heraldry, Speculative and Practical: with the True Art of Blazon ...
