One Study One Summary John Psathas, 2008-01-01 Psathas s **One Study One Summary** 2005 is a cutting edge work for marimba with junk percussion digital audio that is a favourite among virtuosic solo percussionists As the title suggests it is cast in two movements and while the work exhibits the busy motoric textures for which Psathas is well known reflective atmospheric textures predominate throughout The electronic sounds and beats in the digital audio part provide an evocative palette for the live percussionist to interact with Please note that the digital audio files are not provided with this version of the score from GooglePlay You may download the files here <https://43dpdcart.com/product/110559>

Buyan John Psathas, 2018 The variety of playing techniques in **Buyan** demonstrate the subtleties offered yet often overlooked by the timpani The player must navigate syncopated grooves in compound time simmering roll and glissandi techniques and playing with fingers Most challenging of all though is the extensive pedalling required to articulate **Buyan** s melodic material Please note that the digital audio files are not provided with this version from GooglePlay You may download the files here <https://43dpdcart.com/product/175356>

Fertility Rites Christos Hatzis, 2007-01-01 Inspired by Inuit throat singing **Fertility Rites** 1997 for marimba and digital audio is a haunting and highly expressive work It is innovative for the way it combines live percussion with the digital audio part consisting of prerecorded marimba sounds and Inuit throat singing The katajjaq vocal games used in this work are used to evoke the sounds of the fertility ritual a shamanistic mating call which makes it particularly engaging for performers and listeners This version of the publication does not include the digital audio files These may be purchased from <https://43dpdcart.com/product/131010>

View From Olympus (Soli Version) John Psathas, 2016 Steeped in Greek mythology and folk music this high energy double concerto for percussion piano and orchestra is now presented in this new performance edition Following a request from the commissioner Dame Evelyn Glennie a MIDI realisation of the orchestral parts of View From Olympus was created to enable performance by two musicians with audio playback A digital download also contains various mixes for rehearsal purposes an invaluable resource for those wishing to perform this concerto Please note that the digital audio files are not provided with this version of the score from GooglePlay You may download the files here <https://43dpcart.com/product/132278>
