Disney Plus Today

**Robert Alan Brookey, Jason
Phillips, Timothy Pollard**

Disney Plus Today:

Disney Theme Parks and America's National Narratives Bethanee Bemis, 2022-12-27 Disney Theme Parks and America's National Narratives takes a public history approach to situating the physical spaces of the Disney brand within memory and identity studies. For over 65 years, Disney's theme parks have been important locations for the formation and negotiation of the collective memory of the American narrative. Disney's success as one of America's most prolific storytellers, its rise as a symbol of America itself, and its creation of theme parks that immerse visitors in three-dimensional versions of certain American values and historic myths have both echoed and shaped the way the American people see themselves. Like all versions of the American narrative, Disney's vision serves to reassure us, affirm our shared values, and unite a diverse group of people under a distinctly American identity, or at least it did. The book shows how the status Disney obtained led the public to use them both as touchstones of identity and as spaces to influence the American identity writ large. This volume also examines the following: how Disney's original cartoons and live-action entertainment offerings drew from American folk history and ideals; how their work during World War II cemented them as an American symbol at home and abroad; how the materialization of the American themes already espoused by the brand at their theme parks created a place where collective memory lives; how legitimization by presidents and other national figures gave the theme parks standing; no other entertainment space has how Disney has changed alongside the American people and continues to do so today. This book will be of interest to students and scholars of history, media, cultural studies, American studies, and tourism. **Now Media**

Norman J. Medoff, Barbara K. Kaye, 2021-04-07 Now in its fourth edition, this book is one of the leading texts on the evolution of electronic mass communication in the last century, giving students a clear understanding of how the media of yesterday shaped the media world of today. **Now Media Fourth Edition** formerly **Electronic Media Then Now Later** provides a comprehensive view of the beginnings of electronic media in broadcasting and the subsequent advancements into now digital media. Each chapter is organized chronologically, starting with the electronic media of the past, then moving to the media of today, and finally exploring the possibilities for the media of the future. Topics include the rise of social media, uses of personal communication devices, the film industry, and digital advertising, focusing along the way on innovations that laid the groundwork for now television and radio and the Internet and social media. New to the fourth edition is a chapter on the amazing world of virtual reality technology, which has spawned a new way of communicating with the world and becoming a part of video content, as well as a discussion of the impacts of the COVID-19 pandemic on media consumption habits. This book remains a key text and trusted resource for students and scholars of digital mass communication and communication history alike. The new now edition also features updated online instructor materials, including PowerPoint slides and test banks. Please visit www.routledge.com/cw/medoff to access these support materials. **Reasserting the Disney Brand in**

the Streaming Era Robert Alan Brookey, Jason Phillips, Timothy Pollard, 2023-04-07 Reasserting the Disney Brand in the

Streaming Era investigates the evolution of the Disney brand at a pivotal moment the move from content creation to acquisition and streaming and how the company reasserted its brand in a changing marketplace Exploring how Disney's acquisition of Pixar Marvel Lucasfilm and Fox positioned the company to launch the Disney streaming service the chapters look at the history of those acquisitions and the deployment of the content brands and intellectual property from those acquisitions through an analysis of the original content that appeared on Disney Offering a focused investigation of how the content offered from these various media brands was adapted for Disney so that it reflects the Disney brand the authors illustrate through close textual analysis how this content reflects elements of the Classic Disney Style The analysis positions these texts in relation to their industrial contexts while also identifying important touchstone texts both television and film in Disney's catalog This comprehensive and thoughtful analysis will interest upper level students and scholars of media studies political economy Disney studies media industries and new technology
