Information Governance is a highly practical and deeply informative handbook for the implementation of effective  
Information Governance IG procedures and strategies A critical facet of any mid to large sized company this super discipline  
has expanded to cover the management and output of information across the entire organization from email social media and  
cloud computing to electronic records and documents the IG umbrella now covers nearly every aspect of your business As  
more and more everyday business is conducted electronically the need for robust internal management and compliance  
grows accordingly This book offers big picture guidance on effective IG with particular emphasis on document and records  
management best practices Step by step strategy development guidance is backed by expert insight and crucial advice from  
a leading authority in the field This new second edition has been updated to align with the latest practices and regulations  
providing an up to date understanding of critical IG concepts and practices Explore the many controls and strategies under  
the IG umbrella Understand why a dedicated IG function is needed in today s organizations Adopt accepted best practices  
that manage risk in the use of electronic documents and data Learn how IG and IT technologies are used to control monitor  
and enforce information access and security policy IG strategy must cover legal demands and external regulatory  
requirements as well as internal governance objectives integrating such a broad spectrum of demands into workable policy  
requires a deep understanding of key concepts and technologies as well as a clear familiarity with the most current iterations  
of various requirements Information Governance distills the best of IG into a primer for effective action
