**Succulent Sensibilities** Richard Pannell, 2013-02 Recipes and Romance by Chef Richard Pannell of Sacramento California As a chef Richard had been delighting diners with creative and delicious recipes such as his Gumbo Sandwich Barbecued Lasagna African Curry Soup and Deep Dish Sweet Potato Pie In this book he has combined his recipes with his sensual poetry taking readers from the kitchen to the bedroom Richard Pannell a native of Sacramento CA began his career in the culinary industry in 1982 by catering a yacht cruise in the San Francisco Bay Area for a local businessman and friend Thus began a long and rewarding career in the catering business for Pannell According to Richard I was inspired to write poetry with the influence of food and sensuality is because I love them both With food we eat with our eyes before we eat with our mouths as we do with people we are attracted to By combining both attractions we can create some of the most interesting intriguing and sensual cuisines imaginable

**Sensibility, Reading and Illustration** Ann Lewis, 2017-12-02 Eighteenth century sensibility has always been controversial In fact the term itself refers to complex forms of physical and emotional responsiveness and Lewis's study investigates the fictional exploration of various key problems of sentimental response that were at the heart of eighteenth century moral epistemological and aesthetic debates These are analysed in conjunction with some of the actual often emotional responses that the term its fictions and images have provoked through time including an indispensable survey of the varying construction of sensibility as an object of study and the polemics subtending its definition The verbal evocation of the visual in the form of spectacles and signs was understood in the eighteenth century as having an especially powerful impact Lewis provides a new reading of the theme of sensibility by analysing the textual images in three best selling novels from the mid century Graffigny's *Lettres d'une Peruvienne* Marivaux's *La Vie de Marianne* and Rousseau's *Julie* The examination of a largely neglected corpus of illustrations understood as readings of each text provides striking new evidence of the complexity thematic richness and duplicity of these spectacles whose power to provoke different reactions is perhaps their most interesting characteristic

*Making Sense of Taste* Carolyn Korsmeyer, 2014-01-04 Taste perhaps the most intimate of the five senses has traditionally been considered beneath the concern of philosophy too bound to the body too personal and idiosyncratic Yet in addition to providing physical pleasure eating and drinking bear symbolic and aesthetic value in human experience and they continually inspire writers and artists Carolyn Korsmeyer explains how taste came to occupy so low a place in the hierarchy of senses and why it is deserving of greater philosophical respect and attention Korsmeyer begins with the Greek thinkers who classified taste as an inferior bodily sense she then traces the parallels between notions of aesthetic and gustatory taste that were explored in the formation of modern aesthetic theories She presents scientific views of how taste actually works and identifies multiple components of taste experiences Turning to taste's objects food and drink she looks at the different meanings they convey in art and literature as well as in ordinary human life and proposes an approach to the aesthetic value of taste that recognizes the representational and expressive roles of food Korsmeyer's consideration of art encompasses works that employ food in contexts sacred and profane that seek to whet the appetite and to keep it at bay her selection of literary vignettes ranges from narratives of macabre devouring to stories of communities forged by shared eating
