*The Essence of Sufism* John Baldock, 2005-03-01

Insight into Life is the real religion which alone can help man to understand Life Hazrat Inayat Khan The Sufis have been using carefully constructed stories for teaching purposes for thousands of years Though on the surface these often appear to be little more than fairy or folk tales the Sufis hold that they enshrine in their characters plots and imagery patterns and relationships that nurture a part of the mind not reachable in more conventional ways thus increasing our understanding flexibility and breadth of vision Familiarization with this body of material can eventually provide answers to questions about our origins and our destiny In this book John Baldock explores the rich body of literature the Sufis have produced to guide spiritual travellers While explaining the significant teachings and emphasizing their significance for us he sheds a timely light on the Sufis fascinating perception of life revealing it to be a process of the heart and not of the head and offers intriguing pathways to further study and reflection
