**Games Guide** Matt Fox, 2013-01-17 *The Video Games Guide* is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design from the very earliest 1962's *Spacewar* through the present day releases on the PlayStation 3, Xbox 360, Wii and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross referencing with other titles, information on each game's sequels and, of course, the author's views and insights into the game. In addition to the main entries and reviews, a full color gallery provides a visual timeline of gaming through the decades and several appendices help to place nearly 3 000 games in context. Appendices include a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games and a glossary of gaming terms. **[Super Mario Galaxy](#)** Prima Games, Fletcher Black, 2009-07-02 Find all 120 stars that unlock the super secret ending.
