Academic Writing: Real World Topics fills a void in the writing across the curriculum textbook market. This concise edition provides all the features of the complete edition in a more compact and affordable format. Key Features: Contemporary cutting edge readings on relevant topics; Extensive cross referencing between the rhetoric and the reader to help students make connections; Full length essays rather than excerpts; Chapter introductions that put readings in context and promote interdisciplinary connections; Sample student essays to demonstrate student contribution; As You Read guides to each chapter that encourage readers to locate points of contact among readings; Questions after each reading that enable comprehension; help students identify rhetorical moves and prompt oral and written response.
