Springer, Jon Reider, Joyce Vining Morgan, 2013-06-20 Third edition of the go to reference to college admission Getting into college has never been more complicated or competitive Parents and students need expert guidance to navigate the maze of college admissions This thoroughly updated edition of Admission Matters is the best source covering the whole process for any applicant The authors offer great practical advice for selecting the right school writing effective essays navigating financial aid and much more No matter what type of school a college bound student may select Admission Matters will give them the edge they need Offers an essential resource for understanding the admission process for all students applying to college Addresses the most recent changes to the college application process New sections include information for international students transfer students and students with learning disabilities as well as expanded advice for athletes artists and homeschoolers This is an essential handbook for any family facing the college admission process

The Best 390 Colleges, 2025 The Princeton Review, Robert Franek, David Soto, Stephen Koch, Aaron Riccio, 2024-08-27 As seen on the TODAY Show on NBC NO ONE KNOWS COLLEGES LIKE THE PRINCETON REVIEW This comprehensive guide to the nation s best colleges provides in depth profiles on schools best of lists by interest and tons of helpful student driven details that will help you or your student choose their best fit colleges The Princeton Review s college rankings started in 1992 with surveys from 30 000 students Over 30 years and more than a million student surveys later we stand by our claim that there is no single best college only the best college for you and that this is the book that will help you find it STRAIGHT FROM STUDENTS TO YOU 390 in depth school profiles based on candid feedback from 160 000 students covering academics administration campus life and financial aid Insights on unique college character social scene and more Direct quotes from students about their school s professors campus culture career services and more RANKING LISTS RATING SCORES Lists of the top 25 colleges in 50 categories based on students opinions of academics campus life facilities and much more Ratings for every school on Financial Aid Selectivity and Quality of Life DETAILED ADMISSIONS INFORMATION The Inside Word on competitive applications test scores tuition and average indebtedness Comprehensive information on selectivity freshman profiles and application deadlines at each school Plus Free access to 2 full length practice tests online 1 SAT and 1 ACT to help you prep for the important admissions exams part of your admissions journey

The Best 389 Colleges, 2024 The Princeton Review, Robert Franek, David Soto, Stephen Koch, Aaron Riccio, Laura Rose, 2023-08-15 NO ONE KNOWS COLLEGES LIKE THE PRINCETON REVIEW This comprehensive guide to the nation s best colleges provides in depth profiles on schools best of lists by interest and tons of helpful student driven details that will help you or your student choose their best fit colleges The Princeton Review s college rankings started in 1992 with surveys from 30 000 students Over 30 years and more than a million student surveys later we stand by our claim that there is no single best college only the best college for you and that this is the book that will help you find it STRAIGHT FROM

STUDENTS TO YOU 389 in depth school profiles based on candid feedback from 165 000 students covering academics administration campus life and financial aid Insights on unique college character social scene and more Direct quotes from students about their school s professors campus culture career services and more RANKING LISTS RATINGS SCORES Lists of the top 25 colleges in 50 categories based on students opinions of academics campus life facilities and much more Ratings for every school on Financial Aid Selectivity and Quality of Life DETAILED ADMISSIONS INFORMATION The Inside Word on competitive applications test scores tuition and average indebtedness Comprehensive information on selectivity freshman profiles and application deadlines at each school Plus Free access to 2 full length practice tests online 1 SAT and 1 ACT to help you prep for the important admissions exams part of your admissions journey **Hearings, Reports, Public Laws** United States. Congress. House. Committee on Education and Labor,1967 **The Early Admissions Game** Christopher. Avery,Andrew. Fairbanks,Richard J. Zeckhauser,2004-12-30 Each year hundreds of thousands of high school seniors compete in a game they ll play only once whose rules they do not fully understand yet whose consequences are enormous The game is college admissions and applying early to an elite school is one way to win But the early admissions process is enigmatic and flawed It can easily lead students toward hasty or misinformed decisions This book based on the careful examination of more than 500 000 college applications to fourteen elite colleges and hundreds of interviews with students counselors and admissions officers provides an extraordinarily thorough analysis of early admissions In clear language it details the advantages and pitfalls of applying early as it provides a map for students and parents to navigate the process Unlike college admissions guides The Early Admissions Game reveals the realities of early applications how they work and what effects they have The authors frankly assess early applications Applying early is not for everyone but it will improve sometimes double even triple the chances of being admitted to a prestigious college An early decision program can greatly enhance a college s reputation by skewing statistics such as selectivity average SAT scores or percentage of admitted applicants who matriculate But these gains come at the expense of distorting applicants decisions and providing disparate treatment of students who apply early and regular admissions The system in short is unfair and the authors make recommendations for improvement The Early Admissions Game is sure to be the definitive work on the subject It is must reading for admissions officers guidance counselors and high school seniors and their parents Table of Contents Introduction Joining the Game 1 The History of Early Admissions 2 The State of the Game 3 Martian Blackjack What Do Applicants Understand about Early Admissions 4 The Innocents Abroad The Admissions Voyage 5 The Truth about Early Applications 6 The Game Revealed Strategies of Colleges Counselors and Applicants 7 Advice to Applicants Conclusion The Essence of the Game and Some Possible Reforms Appendix A Median SAT 1 Scores and Early Application Programs at Various Colleges Appendix B Data Sources Appendix C Interview Formats Acknowledgments Tables and Figures Index Reviews of this book Applying to an elite college through an early admissions program can improve students chances of getting in by as much as 50 percent over their odds during the

regular admissions cycle a difference that is the equivalent of scoring 100 points higher on the SAT Based on an analysis of admission data at top colleges as well as interviews with over 400 college freshmen The Early Admissions Game challenges the official line of college admissions deans who have long held that applying early does not give prospective students an advantage over regular applicants But the research confirms what many high school counselors already suspected and it is likely to fuel debate over whether early admissions programs favor wealthy and well connected students and should be eliminated or reformed Jeffrey R Young Chronicle of Higher Education Reviews of this book This important contribution to the college admissions process should reduce the general anxiety that pervades today s transition to college and in particular help level the playing field for students who lack access to adequate college counseling The book may also prompt needed reform of contemporary admissions practices The authors goal deserves acclaim for helping inner city and rural students and those in other understaffed districts to pursue admission on a much more even footing There is a wealth of information in this well organized clearly written book which will enable students to make better college choices William R Fitzsimmons Harvard Magazine Reviews of this book Readers seeking solid information about elite colleges will find The Early Admissions Game refreshingly frank Other readers concerned about restoring some equity to the process will also appreciate the book s generosity of spirit and suggestions for reform The authors present a devastating portrait of elite college admissions and early admissions in particular as an elaborate and complicated game where the winners tend to be privileged students who have access to highly skilled counselors with information pipelines to elite college admissions offices Peter Sacks The Nation Reviews of this book Avery and his colleagues describe college admissions as a casino on Mars you have to guess the rules of the game you are playing and the rules can change while you are playing it Their chief finding is that applying early significantly increases the chances of acceptance Colleges argue that the early admissions pool is stronger than the regular pool but the authors dispute that claim The Early Admissions Game is intended as an expos for high school students and their parents of the realities of college admissions but it is also a protest against the practice of early admissions The authors believe that these programs benefit privileged students and cheat disadvantaged students Louis Menand The New Yorker Researching and applying to colleges is a demanding confusing and stressful time for both students and parents This book provides context and guidance to admissions professionals to college counselors and to families as they confront today s highly competitive and often controversial college admissions scene It offers an insightful and authoritative explanation of the strategic choices that await those seeking to enroll at the nation s leading colleges and universities It can help a student decide whether when and why to apply early Most important it can give applicants the confidence to focus less on the game and more on the truly critical factors in choosing a college the level of intellectual challenge and vitality in the curriculum the strength and accessibility of the faculty and the student s individual sense of fit with a particular campus environment and culture Nancy Vickers President Bryn Mawr College The Early Admissions Game explains clearly and comprehensively the

many forces that have made early applications a prominent and much misunderstood feature in the high pressure arena of college admissions The authors clear away the hype and speculation then offer refreshingly sane sensible guidance that will greatly help students make intelligent decisions about their college applications William D Wharton Headmaster Commonwealth School Boston Avery Fairbanks and Zeckhauser offer clear and compelling evidence that the college admissions process needs repair Their findings have already inspired steps toward reform Richard Levin President Yale University This is an exceptionally interesting and intelligent book one with real news to report The authors present their important findings with great clarity I expect that this volume will have a significant and favorable impact on policy discussion of early admission programs at elite colleges Michael McPherson President Macalester College Anyone involved in the college admissions process students and parents counselors and admissions officers top officials at high schools and at colleges should read this important book It will help them achieve their objectives The authors also present a number of suggestions for reforms in the admissions system that are worthy of debate across American higher education Lawrence H Summers President Harvard University
